Massachusetts

ANNUAL  
REPORT  
1965

241st  
ANNUAL  
REPORT  
WALPOLE, MASSACHUSETTS  
1965

This 241st report was prepared under the direction of the  
Town Report Committee appointed by the Selectmen

WILLIS D. MCLEAN, *Chairman*  
EDGAR M. GROUT

MRS. EARL CROOKER  
MRS. DOMINIC RIGNANESE

# YOUR TOWN

19 Miles South of Boston

26 Miles North of Providence

On Routes 1, 1A, 27, and 95

**Municipally Owned Water Plant and Sewer System**

## GENERAL INTEREST

*Area*—Approximately 21.09 square miles  
*Elevation*—200 feet above sea level  
*Settled*—1659  
*Incorporated as a Town*—1724  
*Population*—16,390  
*Registered Voters*—8,119  
*Valuation*—\$37,751,950 (Excluding Motor Vehicles)

*Tax Rate*—1965, \$79.00;  
 1964, \$76.00; 1963, \$74.00  
*Motor Vehicles Registered*—12,830  
*Number of Houses*—3,891  
*Parks*—Memorial and Francis William Park  
*Schools*—10 (Class A Rating)

## PRINCIPAL INDUSTRIES

Roofing and Building Papers  
 Paper Boxes  
 Special Papers  
 Hospital Supplies  
 Coating Plant  
 Plastic Moulds  
 Paper and Centrifugal Machinery  
 Lumber

Screw Machine Tool Products  
 Cotton Converters  
 Cotton Goods and Specialties  
 Cedar Fences and Furniture  
 Sectional Buildings  
 Printing  
 Special Machinery  
 Foundry  
 Marine Propellers

## YOUR REPRESENTATION

*Senators in Congress*—  
 Hon. Leverett Saltonstall  
 Hon. Edward M. Kennedy  
*Congressional District—10th*  
 Hon. Joseph W. Martin, Jr., Congressman  
*Senatorial District (State) Second Norfolk*  
 John M. Quinlan, Dover  
*Representative Dist. (State) Eleventh Norfolk*  
 David C. Ahearn, Norwood  
 William F. Butters, Norwood  
*Councillor District—Second*  
 Margaret M. Heckler

*County Commissioners*—  
 John Francis Murphy, Chairman  
 Russell T. Bates  
 James J. Collins  
*County Treasurer*—  
 Raymond C. Warmington  
*County Engineer*—  
 Wallace S. Carson  
*District Court, Western Norfolk*—  
 Hon. Herbert D. Robinson, Justice  
*County Seat*—  
 Norfolk County, Dedham

*Norfolk County Agricultural High School*—Thomas J. McGarr, Director

**Qualifications for Registration as Voters:** To register as a voter in Walpole, one must be an American citizen of at least 21 years of age by election date, able to read and write, a resident of Walpole for six months and of Massachusetts for one year prior to registering.

ALBERT PROCACCINI to July — JAMES GIAMMARCO from July to December

# *Highlights of 1965*

Local industrial expansion continued during the year. The Kendall Company's Fiber Products Division erected a 23,000 square foot, third floor, addition to their warehouse on Station Street and a 6,000 square foot addition at their South Street plant.

The Bird-Johnson Company, designers and manufacturers of controlled marine pitch propellers, moved its office from Dedham to larger headquarters in the Edgewood Shopping Center.

A new addition to L. F. Fales Machine Company was erected and occupied in 1965. The new extension is about 7,000 square feet and is designed for heavy assembly work, with an electric crane that has a capacity of 30 tons.

During the year, construction at the Bird Machine Company was completed on a new welding shop, a fabricating shop, and a new boring mill department in which some of the largest and finest equipment in the country has been installed. At the close of the year there was still further construction going on.

The increasing population of Walpole is reflected by the number of new businesses which have opened during the year. On Route 1, the Starline and Kingwood Supply Company, dormer contractors, have opened offices. Located in the same building are offices of the Foxboro Company. On the same highway, the Golden Steer Steak House opened.

On Main Street, the Eldor Realty Company built an 18 unit garage that houses tractor trailer trucks. Tony's and Mae's Luncheonette and Ethelyn's Beauty Salon also opened on Main Street and the Country Store, at the Foxboro-Walpole town line. New businesses also include the Poly Clean Dry Cleaning Center in the Walpole Plaza, the Silver Urn on Washington Street, East Walpole and the Walpole Lumber Company at 290 Stone Street. In the Edgewood Shopping Center, new locations include Ed's Barber Shop, the Edgewood Travel Agency, Edmund

EDGEWOOD SHOPPING CENTER STORES AND OFFICE BUILDING

NEWLY COMPLETED TOWNE HOUSE APARTMENTS ON MAIN STREET

F. Neves, M.D., and Rene's Coffee Shoppe. Smith's Gulf Service Station, at the corner of Main and East Streets, celebrated its 25th anniversary on December 22 by completely renovating and expanding its building.

Walpole's major problem, water, its supply, conservation and distribution, seems to be at least temporarily solved. Following refusal of the Metropolitan District Commission to supply water to Walpole, an unsuccessful effort to purchase water from Norwood was made. At a Special Town Meeting in November, the town voted funds to search for a new town well. This project will be financed from water surplus revenue.

In the interest of conservation, a "Flood Plain and Water Conservation District" was approved by the voters. The Conservation Commission purchased, as a result of town meeting action, several pieces of land from residents in South Walpole. The Town also transferred to the Commission all town owned property in Cedar Swamp. Also purchased, was a parcel of land at Cobb's Pond adjacent to the property already owned by the town. The Bird Machine Company presented to Walpole a deed for 13 plus acres in the Cedar Swamp Conservation Area. Altogether, this will give Walpole approximately 245 acres of land in the Swamp Conservation Area to be put aside for flood control, the retention of water for the maintenance of the water table and for the preservation of wild life.

The Conservation Commission brought to the attention of the citizens the Hatch Bill legislation which became law in June 1965 and which regulates the use of wetland areas. Proceeding under the regulations of this Act, Victor Delmar, who owns property in Cedar Swamp, part of which presently serves as Walpole's Town Dump, requested permission to fill approximately 50 additional acres. The required hearing was held and in December, Mr. Delmar and the Selectmen were notified by the Depart-

SMITH'S GULF STATION AT CORNER OF EAST AND MAIN STREETS

ment of Public Health that filling of the area and burning in the area must be discontinued. There was also notification from the Department of Natural Resources that filling of the area should cease. The Selectmen were seeking a way to solve the town's waste disposal problems as the year ended.

Richard Gleeson, 32, of Everett, was appointed Town Administrator to replace Robert B. Boyd, Jr. who resigned in February. He was formerly head of the engineering department in Woonsocket, R. I. He holds a B.S. degree in engineering from Northeastern University, M.A. degree in public administration from the University of Pittsburgh, and an M.S. degree in public relations from Boston University. A captain in the U.S. Army Reserve, he was on active duty in 1957. Prior to joining the Woonsocket engineering department, Mr. Gleeson worked for Metcalf & Eddy of Boston and with Edward, Kelcey & Beck of Boston.

Walpole's tax rate for 1965 was \$79 per \$1,000. This represents an increase of \$3.00 per \$1,000 over the \$76 rate in 1964. The proposal to hire nine permanent firemen was defeated by the voters after they were told it would add almost 80c to the tax rate. Also rejected by the voters was the proposal for the collection, hauling and disposal of rubbish because it would add another \$1.50 to the tax rate this year. Funds were provided for architectural specifications and working drawings for a proposed addition and alterations to the Central Library. The "Zoning By-Law Amendments", revised and submitted by the Planning Board, were approved. The name selected for the new school in East Walpole was the "Old Post Road School." The name has historical significance as it commemorates the first highway between Boston and Providence.

Two hundred and fifteen students graduated from Walpole Senior High School in June. With the opening of school in September, there were 4,464 students enrolled in the public schools. The Walpole High

AERIAL VIEW OF BIRD MACHINE CO., SOUTH WALPOLE

School hockey team, coached by Charles Cinto and James Burke, reigned as 1964-65 Bay State Hockey Champions for the fourteenth time. They became the second team in modern Bay State League history to go through an entire hockey season undefeated, and the only team to win all games played. They went on to win their fourth Massachusetts schoolboy state hockey championship. Also a great success was the basketball team, coached by Chandler Phinney. They advanced to the semi-final round of Class B in the Bay State basketball tournament.

Two scholarships of financial aid were given to business education students from the June, 1965, graduating class to further their education. They were awarded in memory of Miss Marguerite (Rita) Kenney by her sister. Miss Kenney taught in the Walpole schools for over forty-one years.

The Blessed Sacrament Church broke ground for Walpole's first parochial school and convent. The project, to be completed by September, 1966, will consist of a 16 classroom school, a cafeteria, an 800 seat auditorium, and a convent for twenty teaching nuns.

The Town of Walpole held Open House in October to acquaint the public with functions of its various town departments, commissions and boards. It featured several interesting displays and demonstrations.

The Walpole Veteran's Housing Project, known as "Robinwood", will be sold to private individuals, present tenants having first option to buy the house they now occupy.

In November 1965, a new building at the Norfolk County Agricultural High School was opened to students. It houses a gymnasium, chemistry and biology labs, a library and five classrooms.

Leonard F. Downs, retired principal of the East Junior High School, passed away in November. He retired in June 1964 after 47 years of service to the community and its children.

At the close of the year, the Conservation Commission is making preliminary plans for the creation of a 20-35 acre pond off Washington Street. This man-made reservoir would be created by damming Spring Brook, which flows through the area. Flood control and conservation goals are the primary purposes of the pond.

# Board of Selectmen

RICHARD H. HOLMAN, *Chairman*

ELEANOR N. JOHNSON, *Clerk*

EDWARD J. DELANEY

FRANK W. SMITH

JOSEPH L. WISSMAN

	<b>No. of Employees</b>	<b>Budget</b>	<b>Expenditures</b>
1950	5 Selectmen and Part Time Clerk	\$3,900.00	\$3,751.15
1960	5 Selectmen and Full Time Clerk	5,923.60	5,694.10
1964	5 Selectmen and Full Time Clerk	7,799.36	7,726.49
1965	5 Selectmen and Full Time Clerk	8,478.00	8,455.66

The Town continues in an excellent state. The Excess and Deficiency Account balance at the close of 1965 was \$528,581.08.

In accordance with the By-Law change of 1964 the selectmen were elected to serve a staggered term of office; two were elected for three years, two for two years and one for one year. As of the election in 1967 all five members will be serving a staggered three year term.

Mrs. Johnson was appointed to represent the Board on the Massachusetts Bay Transportation Authority, and was named to the twenty-one member Executive Committee Advisory Council of the MBTA.

Mr. Delaney represented the Board at the Metropolitan Area Planning Board meetings.

Early in the year the Board received, with regret, the resignation of Robert B. Boyd, Town Administrator. Over 60 individuals made application for the position to which Richard Gleeson of Everett was appointed. Mr. Gleeson assumed the duties of the Town Administrator as of April 1, 1965.

The appointment of Chester (Chet) Donnell as the Assistant Fire Chief, and Edward DeRoma, M.D., as Health Officer was made by the Board.

During the course of the year the following committees were discharged: Celebrations, Citizen's Advisory, and Master Plan Steering. The Special Recreation Committee was also discharged and the program assigned to the supervision of the Town Administrator.

A Recreation Committee was established to improve and enlarge upon a year round program of recreation for all town residents.

To meet the continuous growth and expansion numerous sewerage and drainage projects were developed; the first section of Chapter 90 work was completed on Fisher Street; joint sessions with towns in the periphery of Walpole were conducted relative to the subject of refuse disposal; numerous meetings were held with various state agencies, including the Department of Public Works, Department of Public Health and the Department of Natural Resources, re the matters of an access roadway to Moosehill Road, lowering of the roadbed at the Elm Street Railroad Bridge, rubbish disposal and other pertinent matters.

The Pedestrian Control Law adopted at the town meeting, to become immediately effective, was not enforced for the present due to continued study of the traffic problem in the business area.

The Board and the town were host in May to the Norfolk County Selectmen's Association at a dinner meeting held at the VFW Hall. The Honorable John F. Parker of Taunton, Senate Minority Leader, was the guest speaker.

On June 14 the Board sponsored an observance of Flag Day in cooperation with the School Department and Veterans' organizations, with the intent that such an event will be conducted annually.

Due to the serious drought created by a lack of rainfall a restricted use of water was initiated and carried on through the summer and early fall. The water situation is presumed to be a perilous one, therefore in an endeavor to assure the town of an adequate supply, funds to make possible a search for water within town limits were appropriated at a special town meeting.

The electrical failure in November affecting the northeastern section of the United States and Canada—familiarily called the Blackout of '66—proved the worth of the Auxiliary Police and Civil Defense, and served as a good test for the aforementioned in addition to the Police and Fire Departments, town officials and the Red Cross. All agencies reacted well, and they, in addition to a corps of citizen volunteers not affiliated with any group or organization, are to be commended for their conduct.

Other activities included the perambulation of the borders of Walpole and Medfield in cooperation with the Medfield Selectmen and compliance with the requirements of Chapter 92 of the General Laws. Also, an Open House was held permitting the residents to acquaint themselves with the function and operation of the departments, boards and committees of the town. Displays and literature were made available to the public where possible.

The opening of Route 95 on November 1st places Walpole in a competitive position for residential and industrial growth. Travel time to either Boston or Providence is approximately thirty minutes and will prove an appealing factor and serve to attract people and industry.

The Board of Selectmen extends to all elected and appointed officials and committee members its sincere appreciation for their cooperation and assistance in striving to keep Walpole an attractive community in which to live and work.

TOWN ADMINISTRATOR RICHARD GLEESON

## Town Administrator

RICHARD GLEESON

All phases of operations coming under this department have been reviewed and re-evaluated to determine if they are being properly planned and executed and being coordinated with related functions.

Purchase specifications have been reviewed and, in some cases, rewritten to conform to the latest and best municipal practice.

### Public Works Department

H. E. WILLIS, *Superintendent*

The Public Works Department consists of the Highway Department, Water and Sewer Department and Park Department. All work by these

departments including construction, maintenance and snow removal was supervised and coordinated by the Public Works Superintendent.

## **HIGHWAYS**

In contrast with other years, the majority of street paving done this year was bituminous concrete. This pavement is expected to last many years, to provide a smoother ride for automobiles, and to lend itself more readily to patching when this becomes necessary.

All catch basins were cleaned in the Spring.

The portion of High Plain Street between Old Post Road and Route 1 was paved and widened.

Many residential streets were repaired during the year.

A portion of Fisher Street was reconstructed with State assistance.

A program of repainting Town vehicles was initiated. For safety and identification purposes, the vehicles are being painted yellow with reflective bumpers.

A program of placing markers on street pavement at fire hydrants and catch basins was started and will be continued next year. The markers are to assist in locating fire hydrants and catch basins during snowy weather.

A program of highway fence painting and sign renewal was started and will continue next year.

## **PARK DEPARTMENT**

A tractor was purchased by the Park Department to assist in the grass cutting operations. A flail type mower was selected with the tractor because of its safety near schools. The blades are designed to fold on striking a stone so they will not be thrown through the air.

An earth auger attachment was acquired for use in the tree planting program. It is much faster to dig a hole for trees with the auger than to do it with a shovel.

Fertilizer spreading was mechanized by the purchase of a two-ton capacity spreader attachment.

The regular spraying programs for poison ivy and broad leaf insects were carried out as was the Dutch Elm disease program.

Through the cooperation of Sheriff Hedges much clearing and cleaning was done in the Town Forest. Areas were prepared for picnickers and for camping.

## **WATER DEPARTMENT**

Drought conditions throughout the northeastern part of the United States made their presence felt in Walpole. An under-sized distribution system and a lack of rainfall resulting in low ground water tables forced the establishment of water restrictions during the summer.

Excellent cooperation from the citizens of Walpole in observing the restrictions averted a potentially dangerous situation.

A search was started for additional water supplies within the Town of Walpole and conditions looked promising as the year ended.

The Pine Street Booster Station was completed and extensive work was done on new mains in Washington Street, Union Street and Fisher Street.

The small storage tank at High Plain Street was cleaned and painted inside and outside. Light green was chosen for the outside color to blend with the surrounding trees and foliage.

A program of painting hydrants started and many were painted fire red with reflective top and caps.

The sewer construction program was continued this year.

SEWER DEPARTMENT

## Public Buildings

OLAF OLSON, *Working Foreman*

Under the building repairs department supervision, exteriors of the Plympton School, New Fisher School, New Stone School, and the East Walpole Library were painted as was the new gymnasium at the Senior High School. Several school classrooms and the bathhouses at the swimming pools were also painted.

In addition the following projects were completed:

*Fisher School*—Auditorium painted.

*Old Stone School*—Acoustical tile placed on upper hall walls, all upstairs rooms painted.

*Plympton School*—Blackboards renewed.

*East Junior High*—Hood installed over dishwasher; Shelves installed in sports equipment closet.

*Senior High School*—Six classrooms and locker room painted; book-cases installed in several rooms; re-roofed gymnasium.

## Plumbing Inspector

EDWARD F. ONION, *Inspector*

Three hundred forty-four (344) plumbing permits were issued, and inspected during the year, and satisfactory workmanship was done through the town. All complaints were investigated and taken care of.

## Wire Inspector

CHESTER DONNELL, *Inspector*

CHARLES GEORGE, *Assistant Inspector*

During the year 956 inspections were made.

All complaints concerning electrical installations were investigated and taken care of.

Electrical installation specifications and cost estimates were submitted to other town departments when requested.

## Milk Inspector

GEORGE E. YETMAN

### ANALYSIS AND BACTERIA COUNT

Number of samples analyzed .....	231
Antibiotic residual assays .....	35

### INSPECTIONS MADE

Farm and Dairy .....	61
Stores .....	68

### LICENSES ISSUED

Stores and Restaurants .....	35
Vehicles .....	12
Pasteurization .....	1

### HIGH BACTERIA COUNTS

Samples Found .....	27
---------------------	----

Milk licenses were issued to all dealers shipping milk to Walpole, and all stores and restaurants were issued licenses to sell milk and cream after filing application for same. Spot checking was continued on samples in refrigerated dispensers in restaurants. The check for antibiotic residuals in milk samples was continued. Results of all tests were recorded and dealers were notified. All records of milk inspection were kept and reported during the year.

## School Dentist and Dental Hygienist

EDWARD SMOOKLER, D.M.D.

BERTHA ZLOCHIVER, R.D.H.

The following is the report of the dental program:

The school dentist, Dr. Edward Smookler, provided dental care for children eligible for treatment at the dental clinic.

The dental hygienist assisted the dentist, visited classrooms for dental health instruction and inspection of the teeth, applied topical fluoride to the teeth of second grade children, and did follow up work for correction of dental defects.

The type and number of dental operations were:

	Deciduous Teeth	Permanenth Teeth
Number of Patients .....	301	
Number of Visits .....	633	
Number of Fillings .....	714	739
Number of Extractions .....	97	14
Number of Fluoride Applications .....	333	

Health Officer

EDWARD R. DEROMA, M.D.

There has been the usual number of contagious diseases with no evidence of any epidemic or serious complications. The records of these diseases were reported promptly to the State and District Health Office.

All Health and Sanitation complaints have been investigated promptly and corrected wherever necessary.

In October, we held a Mobile Chest X-Ray Clinic which was an outstanding success. Many people who had never had a chest x-ray took advantage of having one done at this clinic.

Several educational articles were published by me in the Walpole Times in cooperation with the Massachusetts Public Health Department on immunizations to stimulate the public to be immunized against contagious diseases.

In September of 1966 there will be a new Parochial School opening in Walpole. The Health Department in cooperation with the Visiting Nurse Association will take care of the health program of this school.

The Health Officer wishes to express his sincere thanks to everyone who helped to make this a successful year.

Town Sanitarian

PUTNAM STEELE, R.S., *Sanitarian*

Sewage disposal system supervision for all new building in unsewered areas of towns as well as advice and cooperation for repairs and additions to existing systems at the older homes has had priority during the two days per week in town. This program has furnished very satisfactory results. Efficient Town office processing of all detail involved, cooperation of builders and general satisfactory installation by contractors has been of great help to your Sanitarian and the entire program.

Complaints have been promptly investigated and resolved. Inspection of eating and drinking establishments has been made as time allowed and found necessary. Bacteria swab counts of utensils used by the public is made at time of inspections with analysis made in the laboratory.

Water analysis is made of town swimming pools in season. The results have been of drinking water standard showing very efficient pool management. Laboratory analysis of town water supply, drainage water or any problem relative to environmental sanitation is promptly determined in the laboratory and reported to the Town Administrator.

OPENING DAY 1965 AT THE PLAYGROUND area in Francis William Park, East Walpole. Janet Brigham, supervisor for the East Walpole girls, is shown with a group which elected to try out the new coloring books.

## Playgrounds

CHARLES A. HANEY, *Supervisor*

Our five town playgrounds were open for eight consecutive weeks during July and August. The playground hours were from 9:30 a.m. to 12 noon and 1 p.m. to 4 p.m. on all weekdays having satisfactory weather. Tuesday, July 6, was opening day. All Walpole youngsters of school age (6 years to 19 years) were eligible to join the program.

The playground in East Walpole which was temporarily located during the summer of 1964 at the Bird School was returned once again to its ideal site at the music court area of Bird Park.

Each playground was staffed with two instructors who were selected for their high moral, educational, athletic, and leadership qualifications.

The instructors and the playgrounds to which they were assigned are:

Walpole Center Playground (Blackburn Hall): Richard Lyons, Miss Eleanor Guisti.

Plimpton School Playground: John Flynn, Miss Marlene Mastropieri.

Bird Park, East Walpole: Joseph Nicholson, Miss Janet Brigham.

Boyden School Playground, South Walpole: Ralph Morris, Miss Susan Fish.

Old Fisher School Playground, North Walpole: Chester Hickman, Miss Caroline Johnson.

In addition to the regular daily games the program included special weekly events. A scavenger hunt and a coloring contest were held. Tournaments were conducted in ping pong, horseshoes, badminton, checkers, chess, and the basketball free throw. A trip to Fenway Park to watch the Red Sox play took place on July 29.

Climaxing the program was the annual Field Day in August featuring tournaments in the morning, and a variety of races and contests in the afternoon.

As in the past an arts and crafts program was carried out at each playground throughout the summer. Items made by the youngsters in this program along with the regular playground games and athletic equipment were on display at the Blackburn Hall on Saturday, Oct. 9, during the Town's Open House Day.

### **Inspector of Animals**

DR. FRANCIS X. MAGUIRE, V.M.D.

All places where livestock is kept were inspected.

All regulations as compiled by the Division of Livestock Disease Control are being carried out.

The number of dog bites investigated increases as our town grows.

No positive cases of Rabies were found.

# Department of Weights and Measures

KURT R. GROOTE, *Sealer*

During 1965, the following services were performed:

## SEALED

Scales over 10,000 lbs. ....	11
Scales 5,000 to 10,000 lbs. ....	6
Scales 100 to 5,000 lbs. ....	66
Scales more than 10 lbs. but less than 100 ....	31
Scales 10 lbs. or less ....	8
Weights .....	128
Vehicle Tanks .....	23
Oil and (or) Grease Meters .....	15
Yardsticks .....	6
Bulk Storage Tanks .....	5
Liquid Containers .....	1

## Reweighed and checked for correctness:

Charcoal .....	18
Flour .....	22
Butter .....	56
Dry Commodities .....	38
Liquids .....	39
Meats .....	81
Fruits .....	47
Bread .....	25
Gas Checks .....	46
Thermometers .....	6
Packages for Correct Labels .....	94
Hawkers' Licenses Checked .....	7

Total receipts of \$1,033.55 were paid to the Town Treasurer.

# Visiting Nurse Association

MRS. M. JACQUELINE HOSSFELD, *President*

MRS. GENEVIEVE LIGHT, *Vice-President* to October

MRS. SARAH M. DUBOIS, *Vice-President*, October to December

MRS. DOROTHEA M. PEARSON, *Secretary*

MRS. ELIZABETH M. PERRY, *Treasurer*

AURELIA M. NEWELL, R.N., *Head Nurse*

M. ELEANOR WEISSENT, R.N., *Staff Nurse*

## *Permanent Substitute Nurses*

PATRICIA GRUGNALE, R.N.

ELEANOR W. BARRETT, R.N.

---

The year 1965 brought several changes in personnel. Mrs. Beverly Penniman resigned after thirteen years of faithful and dedicated service in our community. Mrs. Eleanor Barrett was elected to take her place as a Permanent Substitute Nurse. Upon the resignation of Mrs. Carol A. Corkery, Mrs. Newell became Head Nurse and Mrs. Weissent the Staff Nurse.

In public health, emphasis through publicity, was placed on immunization. We were pleased to aid the Lions Club in their Glaucoma Clinic. V.N.A. Nurses assisted at six Red Cross Bloodmobiles held at Blackburn Hall and at the State Prison. Under the direction of Dr. DeRoma, Public Health Physician, the V.N.A. Directors and nurses planned and assisted with a most successful T.B. X-Ray Survey with 1082 people taking advantage of this service. Previously, follow-up home visits had been made to all families of children found to have a positive reaction in the annual Public School T.B. Survey.

In our desire to aid in Health Promotion we were most fortunate to be the recipients of a booth at the Rotary Trade Fair, generously donated by Mr. Anthony Lorusso, where 200 Diabetic Dry-Pacs were distributed.

As in former years, Child Care and First Aid Courses were held for Girl Scouts and Camp Fire Girls. This year it has been our pleasure to be of service to other young citizens, giving examinations to Boy Scouts seeking Merit Badges in Public Health. Interviews were held with several student nurses on Public Health and Resources in Walpole.

In anticipation of Medicare, Statistical Reporting was adopted. This method will show a marked decrease in the number of "visits" from former years, as all other non-nursing service visits will be listed separately.

A total of 3921 visits included care to the acutely and chronically ill, maternity and newborn instruction, premature baby investigation, health guidance and emotional support, investigations for the Medical Aid Fund, assistance with rehabilitation measures and guidance to families in the

care of patients. In addition we lend medical equipment and acted unofficially as an employment service for private duty nurses, domestic help, baby-sitters and homemakers.

We have actively participated, with our Health, Education and Welfare Council, in forming a Regional Homemaker Service Program. We anticipate that this service will become a reality in 1966.

We extend our gratitude to all organizations and private citizens for the generous support and much needed aid they have rendered us this past year. It is only through community effort that we are able to continue to give these services.

## Walpole Visiting Nurse Association

# Committee for Special Recreation

DONALD M. SEARS, *Director*

The 1965 season at the Dutton Day Camp began on Tuesday, July 6th and continued through Friday, August 27th. Preparations for setting up the camp area was done the previous week with the aid of two men from the Park Department.

The Special Recreation staff consisted of the Director, Assistant Director, a Head Counselor and three Junior Counselors. Each staff member proved to be an able and conscientious worker. Approximately nine volunteers supplemented the staff and greatly aided the recreation program.

Again, the need for more playground equipment was recognized. Make shift swings were constructed and were frequently in use. However, these are not durable. To prevent accidents, it was necessary to assign a counselor to supervise the activities in this area. There remains one hundred dollars in the Special Recreation checking account derived from last year's registration fees. This, with another hundred dollars from the Special Recreation budget, should be sufficient to purchase a safe and durable set of playground swings.

It was necessary to cancel camp several times last summer simply because of threatening rain. This was done with the idea that 38 to 40 youngsters in a small room ceases to be recreation after one hour. One solution to this problem is seen. If it would be possible to use the basement of Blackburn Hall during inclement weather, camp need not be cancelled. This area is large enough to handle several youngsters and to provide a more enjoyable rainy day. Taxis could deliver the children there in the morning and pick them up there at three o'clock in the afternoon. Further, there are toilet facilities, tables, chairs, and gym mats available.

The campers were taken to Memorial Pool each day (weather permitting). If it was too cool for swimming, the children were taken to Highway-Bowl-Away where Mr. Lanzoni donated the use of his alleys.

On our only field trip, Mr. Charles Nasif, owner and operator of Jolly Cholly's Amusement Park provided free rides, a lunch and ice cream for the campers, parents and staff. Both of these gentlemen have proved a sincere interest in mentally retarded children and will be helpful in providing amusement for the campers next season.

During the eight weeks of camp, the daily routine was as follows:

- 8:45—All members of the staff arrive.
- 9:00—Cabs begin to arrive with the campers.
- 9:00-9:30—Free play (children play together or with toys and games supervised by a counselor, no defined groups).
- 9:30-9:40—Row call and salute to the flag.
- 9:40-10:30—Arts and Crafts in groups at tables.
- 10:30-11:15—Supervised games or hike.

- 11:15-11:40—Counselors have lunch while children listen to records, stories or dance.
- 11:40-12:10—Children have their lunch.
- 12:10-12:20—Prepare for swimming if weather permits or a period of free play before going bowling.
- 12:20-1:45—Swimming at Memorial Pool.
- 1:45-2:00—Change from swimming togs to clothes.
- 2:00-2:20—Juice break (rest period).
- 2:20-2:30—Pick-up and police the area.
- 2:30-2:50—Free play.
- 2:50-3:10—Cabs begin to arrive and children leave.
- 3:10-3:30 Counselors put away material and prepare to leave.

The transportation which was provided by the Allied Cab Co. was excellent. Each driver arrived and left on schedule as well as took special caution for the safety of each child. Mr. Fuller, owner of the cab company, was most helpful and cooperative at all times.

The budget assigned to Special Recreation was sufficient to provide all the needed supplies and materials. The appropriation of \$5,000 for Special Recreation was made at the 1965 Town Meeting. The budget was as follows:

Salaries .....	\$2,290.00
Transportation .....	2,000.00
Milk .....	154.00
Insurance .....	16.00
Telephone .....	50.00
Equipment .....	480.00

This Director has assumed a new, full time position at the Paul A. Dever School in Taunton and will no longer be able to supervise the Special Recreation Summer Camp Program. He will, however, provide any help or service to aid the Town continue this worth while activity. This Director has found his experience at the Dutton Day Camp and in Walpole to be most rewarding and enjoyable. He wishes to thank the Town officials, the staff at the camp, parents and community businessmen for their aid and cooperation. He further gives thanks to the former Special Recreation Committee for this opportunity to serve the interests of the mentally retarded for whom he is most deeply concerned.

WALPOLE POLICE DEPARTMENT—Front row, left to right: Sergt. Fred Harrison, Sergt. Joseph Betro, Chief C. William Haggbloom, Sergt. Edmond Driscoll, Sergt. John Buckley, Sergt. Armando Betro. Second row, left to right: Patrolmen Kenneth Hutchins, Robert Connolly, Paul Poirier, Robert Ela, James Honohan, Joseph Honohan, Ollo O'Neill, William Wall. Third row, left to right: Patrolmen Mark Dalton, Martin O'Malley, Peter Dalton, Stanley Hayward, James Donahue, Harold Liddell, William Brennan.

	No. of Employees	Budget	Expenditures
1950	14	\$64,622.00	\$60,339.97
1960	18	121,795.00	121,781.13
1963	20	165,724.51	160,739.67
1964	21	174,192.31	163,562.52
1965	21	175,212.61	170,830.35

In the past year, officers from the Department attended many training sessions sponsored by various law enforcement agencies and schools, such as the F.B.I., State Departments, Boston University and Northeastern University.

Officers Mark Dalton and Robert Ela were enrolled at the fine State Police Training Academy for a period of six weeks and successfully passed all fields of training and graduated on February 12, 1965. While training at the academy the officers must remain on the grounds twenty-four hours a day, five days a week.

The Police Pistol Team once again enjoyed a very successful year, and again won the Norfolk County Trust Company trophy for the eighth time since the league formed ten years ago. The team also competed in other matches and exhibitions held locally and in New England. They won many team and individual honors. All members in the Department are required to fire in the pistol matches and to fire the Practical Pistol Course which is recommended by the F.B.I. for regular police work.

In 1965 a few major crimes were committed and again we had scattered juvenile problems, but we did not have a serious crime wave. Our juvenile problems were not constant and it is believed that if we have been at all successful part of it can be traced to our relentless program of prevention, which calls for constant vigilance on the part of the police officers and if it is to continue successfully, we must have added manpower, due to the ever increasing population in the Town of Walpole. Another part of the success picture can be traced to the splendid cooperation of many citizens in this Town.

An accelerated traffic study has been undertaken by our Department in conjunction with the Department of Public Works regards traffic control devices and markings for our streets and highways, accurate speed

surveys will be taken through the use of radar. This will aid us in determining exactly what speed the various zones in this town should be posted for.

The following are some 1964 accident statistics (nationwide) involving the motor vehicle, which we believe will be of interest to our citizens:

48,000 deaths, 3,840,000 injuries, the chief causes leading to these deaths and injuries are: exceeding the speed limit 40.7%, on the wrong side of the road 15.4%, reckless driving 15.1%, drove off roadway 12.7%, did not have the right of way 11.7%.

Age of drivers involved in accidents (fatal) under 18—4.6%; 28-24 years 24.7%; 25-64 years 63.0%—65 and over—7.7% and the percentages are approximately the same in non-fatal accidents.

Weather conditions prevailing in accidents: clear 85%, fog 1.5%, rain 10% and snow 3%.

Between the hours of 4:00 p.m. to 8:00 p.m., 27% of all accidents occur.

18,960 deaths occurred on weekends, almost 40% of the total.

Almost 30% of the casualties were under 20 years of age.

More than 87% of the casualties occurred in accidents involving driver violations.

On the evening of November 9, 1965 and at 5:20 p.m. the lights went out in Walpole and remained out for the next five hours, which will go down in history as the "Great Northeast Blackout."

Within a very short time all the regular police and 22 auxiliary police officers reported to the station for duty, plus two Red Cross units, and private citizens who donated their services.

The auxiliary units were deployed throughout the town's four precincts for foot patrol duty and were in constant walkie-talkie or radio communication with police cruisers or headquarters.

Patrolmen were dispatched to the shopping centers, schools, etc. Others were on a standby basis near the State Prison, where due to the blackout a riot had been triggered off.

The Town was "well covered" and we had no great problems and no emergencies—thanks to the cooperation and calmness of all the citizens of the Town.

It was a good test for everybody and all came through it wonderfully.

The following are some statistics taken from our 1965 police blotter as compared with 1964:

	1964	1965
Complaints investigated .....	2117	2456
Arrests .....	102	170
Accidents .....	382	397
Fatal accidents .....	2	9
Personal injury .....	210	190
Ambulance calls .....	219	205
Transported to hospital in cruiser .....	57	71
Money escorts to banks .....	805	729
Funeral escorts .....	56	70
Summons served .....	537	608
Attempt to commit rape .....	0	0
Statutory rape .....	0	0
Breaking and entering .....	43	62

Fires reported to station .....	177	279
False fire alarms .....	25	8
Doors found open and secured .....	141	181
Windows found open .....	22	5
Dog bites reported to station .....	89	115
Lost dogs reported to station .....	38	46
Stray dogs reported .....	52	89
Dogs struck by motor vehicles .....	59	56
Dogs struck and killed by motor vehicles .....	43	55
Dead cats removed from street .....	26	30
Police Officers, days in court .....	230	177
Vacant homes checked .....	556	982

I wish to express my sincere appreciation to the Police Officers, to the Town officials, the Justice, the Clerk and all the personnel of the District Court and to all others for their cooperation, assistance and understanding of our problems.

NEWEST ADDITION TO WALPOLE FIRE DEPARTMENT

## Fire Department

ROBERT M. GARDNER, *Chief*

Chester Donnell became permanent Assistant Fire Chief as of July 1, 1965 while retaining his duties as Wire Inspector for the Town. A man who has unselfishly devoted himself and his time in past years will be a valuable permanent asset to the Fire Department.

We received delivery of our new all-wheel drive forestry truck in time for the spring forest fire season. Already this rugged piece of equipment has proven its worth in its ability to get off the road and into the actual location of the fire. This truck replaces a similar twenty-year-old vehicle.

Our Training Program was continued on a regular basis throughout the year.

The Night Before the Fourth celebration was again a tremendous success. It should be remembered that this is not a Fire Department function but is put on by the members of the Fire Department on a purely voluntary basis and as a non-profit venture to assure the children of Walpole a safe and enjoyable evening.

Many thanks should be given the men who staff the State Forest Fire Tower on Moosehill in Sharon for the rapid spotting and locating of fires in Walpole. Many times we are on the way or at the scene before area residents are even aware that there is a fire in their back yards.

Again, thanks are due to all of our call Firefighters and our Town officials for expended efforts on behalf of the Department in 1965.

#### ALARM STATISTICS

	1964	1965
Sounded Over the Fire Alarm System .....	398	409
Still Alarms .....	110	66
Total .....	508	475

Police Department—Fire Alarm Transmitter .....	167	206
Box Alarms From Outside Street Boxes .....	60	59
Total .....	398	409

#### TYPES OF CALLS TO WHICH THE DEPARTMENT RESPONDED

	1964	1965
Building Fires—Residences .....	9	19
Building Fires—All Others .....	31	26
Oil Burner Fires .....	6	7
Electrical Apparatus Fires .....	31	20
Vehicle Accidents .....	12	12
Chimney Fires .....	3	1
Woods Fires .....	28	36
Grass Fires (Including Small Brush and Sprout) .....	170	161
Assistance Calls to Other Towns .....	31	24
Dump and Rubbish Fires .....	23	24
Locked Doors—Entry Made .....	3	3
Gas, Gasoline or Oil Leaks .....	8	5
Poles, Bridge or Railroad Timber Fires .....	2	3
Animal Rescue .....	4	2
Miscellaneous Investigations .....	27	5
Rescue From Tank .....	1	0
Missing Children .....	3	0
Low Water Pressure—Fire Department Standby .....	2	2
False Alarms .....	24	18
Needless Alarms .....	25	37
Awning Fires .....	0	2
Mail Box Fires .....	0	1
Loss of Life by Fire .....	0	2
Body Burns (Non-Fatal) .....	0	2
Bomb Scare .....	0	1

## OTHER STATISTICS

	1964	1965
No-School Signals .....	4	0
Number Times Assistance Received from Other Towns .....	22	10
Monthly Meeting Tests .....	12	12
False Alarms Received by Telephone .....	4	3
False Alarms—Boxes Pulled .....	18	14

## Fire Alarm Maintenance

During the year five fire alarm boxes were replaced due to damage by vehicles or obsolescence. Seven new boxes were added to our system as follows: (a) four on the public streets, (b) two on church properties and (c) one on a new school building. All boxes were checked periodically for defects and wound after each alarm.

The fire radio antenna was replaced during the year at the Central Fire Station. This work was necessary due to what appeared to be damage by lightning to the old antenna.

Interruptions on our system during the year were negligible. All outage time was the result of accidents beyond our control. Momentary outage occurred during the electrical power blackout on Nov. 9, 1965 but our system was restored to service immediately as our standby battery system automatically took control.

A total of 2,504 manhours were expended on maintenance, testing, repairs and new construction during the year. This is approximately a 15% increase over the previous year. Most of the additional time was a result of three building moving projects over various streets of the town and pole transfer work necessary due to construction projects initiated by the Electric Utility. We anticipate a substantial increase in pole transfer work in 1966 due to further expansion of the electric utility plant and overhead pole line beautification program sponsored by the Federal Government.

A total of 409 alarms were sounded over the system in 1965. This is approximately a 3% increase over the previous year.

RETIREMENT PARTY FOR MISS BERYL SIMPSON, East Walpole librarian who retired after none years of service with the town. Seated, left to right: Nancy Thomas, Anne Wilson, Beryl Simpson, Loretta Parasco, Mary Locke, Doris Quinn, Mrs. Harding; center, Vida Mudgett, Ruth Mahan, Grace Stornanti; back row, standing: Daisy Pierce, Eva Lindequist, Mae Gilmore, Gabrielle Tremblay, Mrs. Spear, Dolly Munson, Olive Towle, Dorothy Wronski, Carolyn Towle, Bettina Cottrell.

## Public Library

GEOFFREY E. PLUNKETT, *Chairman* (1968)

Felix Thompson, East Walpole Branch

## Space Problem

With each passing year, the problem of space shortage in the library facilities becomes more acute. Shelf space for badly needed books is non-existent; seating space for reading and research is at a premium; worse than inadequate work space for the staff means that making-do must be substituted for economy.

Better educational standards, the fact that more people are studying longer and to higher levels, the general need to keep up with the expanding body of knowledge, and the rapid population growth all combine to create demands for library resources that less and less often are being met. All too often, the disappointed person, especially if he's a student, will turn to a larger library elsewhere. This adds an unfair burden to neighboring town, city, college or university libraries, all of which are facing identical problems resulting from the population and knowledge explosions.

The only remedy, enlarged facilities, is in sight, however. In the 1965 town meeting, preliminary plans for an addition to the main library were approved, and the sum of \$20,000 appropriated for final plans and specifications. By the end of the year, the building committee and architects were putting finishing touches on plans for an enlarged building that should suffice for at least twenty years. The building as planned would make it possible to provide the library services that patrons have come to expect and demand, and, hopefully, to expand them.

## Regional Library Service

Definite progress was made towards the implementation of regional library service when the Boston Public Library was named the "last recourse" library for the entire state and resumed its interlibrary loan service. Walpole residents have long benefitted from this type of interlibrary co-operation, but the number of requests filled in 1965 was almost triple that of the preceding year, and a large proportion of these books came from the Boston Library. As a rule books that are borrowed this way include unusual books the library didn't buy because of low demand, books that are too expensive or technical for the library to have bought, and specialized material for serious research or study. In effect, interlibrary service puts the library resources of the entire country at the disposal of any serious student or researcher, because the Inter-Library Loan Office in Boston will track down books not in their own collection and report where they might be obtained.

## School and Public Library Relationships

Another form of interlibrary co-operation, the long established tradition of co-operation with the local school libraries, continues unchanged. Mrs. Heaps, Co-ordinator of School Libraries, thoughtfully provides book and reading lists and alerts the public library staff to school assignments as soon as she is notified by the teachers. This makes it possible to take

measures to provide a more adequate supply of the necessary materials, although the nature of some assignments negates these efforts.

On occasion, the public library lends books to the school libraries for special research projects, in order to supplement their necessarily more limited book resources. Under ideal circumstances (towards which both library systems are working) the school library would provide the materials young people need as students, while the public library would supplement school library resources by providing a wider and deeper range of material for the needs of individuals of all ages, including young people in their school years.

## Service to Children

The importance of service to children is demonstrated by the fact that in all three agencies, juvenile circulation figures exceeded the adult totals. Thus, introducing children to books, helping foster a love for reading, and providing a means for enriching and re-inforcing school experiences are major aspects of Walpole's library service. Story hours, the annual summer reading club and the annual book fair are all time-consuming but essential activities directed towards these ends.

Story telling gives children a taste of the joys of reading and imaginative experience that is especially important in the face of television's explicitness and the emphasis modern educational techniques places on books as tools. Story hours, held regularly at Main Library and the East Walpole Branch between November and April, are always popular and well attended. In December, Ruth Keefe took over the duties of story teller at Main Library, where two weekly story hours are given, one for pre-school children, the other for older children.

This year's "Mary Poppins" Summer Reading Club numbered 1151 members, 589 of whom read enough books to qualify for certificates, while another 200 "made" the honor roll.

Children's Book Week, in November, was the occasion of the annual book fair. An estimated 1250 children, teachers and parents visited Blackburn Hall, browsed among the 350 books on display, and sought out the special books they wanted to be sure to read. Thirty-one women, mainly mothers, volunteered to assist the librarians in keeping the affair running smoothly, and without their help it probably might have been impossible to hold the book fair at all.

Mrs. Hawkins and her assistants completed the first inventory to be taken for several years. Although the process turned up many missing items, it also revealed discrepancies in cataloging that, corrected, will make it easier to find books in their proper locations.

## McNaughton Books

A successful innovation this year has been the library's participation in the "McNaughton Plan" by which copies of current books are rented while they are in demand and then returned. This has proved especially popular in the two branches whose patrons appreciate having a fresh

supply of best sellers and other leisure-reading material. An additional advantage is that it is no longer necessary to buy four and five copies of a book to satisfy a long waiting list, only to have most of them sitting unread on the shelves after they're several months old.

## Exhibits and Displays

Special exhibits of art objects, handwork of various kinds and other special items are important adjuncts to the library's services, and groups and individuals are always welcome to share their interests and achievements by holding an exhibit at the library. In 1965 an outstanding crafts exhibit was that of the lovely wood work of William Koehler, Jr.; another was that of the 19th century dolls created and dressed by Mrs. Gabrielle Tremblay, North Walpole Branch Librarian. Other exhibits included historical items arranged by a group of Girl Scouts; an attractive display of old valentines; travel souvenirs; and antique jewelry owned by various staff members.

The library is fortunate in having an artistically talented staff member, Grace Stornanti, responsible for these exhibits. In the fall, she started a new program for showing Walpole's artistic talents. Every two or three weeks she puts up three or four paintings in the exhibit area over the Main Library's record collection. Many interesting and well-executed paintings have been displayed in this way, and it is hoped to continue the program indefinitely.

## Staff News

A number of personnel changes took place in 1965 beginning January 1 with the appointment of a new librarian and new assistant librarian and continuing until December 31 when two important staff members retired: Catalog Librarian Olive Towle who had served for twenty-two years, and Beryl Simpson, East Walpole Branch Librarian since 1956. Both will be missed, but as excellent replacements were immediately available in their assistants, library service will not suffer. Dolores Munson, formerly catalog assistant will take over as cataloger and Loretta Parasco, children's librarian at East Walpole will assume the professional responsibilities of branch librarian while continuing to work mainly with children. Vida Mudgett and Mae Gilmore of the branch staff will be jointly responsible for its clerical operations.

Bettina Cottrell, library assistant, resigned in November and was replaced by two part-time assistants, Ruth Keefe who is to serve as a children's room assistant and substitute, and Janet Barnes who is working in the adult department and as a catalog assistant. Patricia Joseph left North Walpole branch and Ruth Mahan assumed her duties; and at East Walpole branch, Barbara Angus was replaced by Marjorie Pyne.

Staff members continue studying to increase their professional skills. Dolores Munson completed a course in cataloging and began one in reference work and Grace Stornanti studied educational psychology.

## Acknowledgments

Friends have presented the library with many gifts of books, paperbacks, magazines, recordings, flowers and plants for the use and enjoyment of library patrons. Such gifts are always appreciatively received.

Also, the librarian wishes to express appreciation to the staff and trustees for their forbearance, help, advice, and co-operation in the year's many problems and predicaments.

Walpole High School graduates who are recipients of scholarships from the Charles Fales and Joseph Leach Scholarship Funds are named in the School Department's report.

Capital Accounts of the various Trust Funds are shown in the Town Accountant's Balance Sheet under the heading Trust and Investment Accounts.

## Board of Appeals

DENIS F. O'BRIEN, *Chairman*

DAVID E. PERKINS, *Clerk*

GEORGE B. LYONS, *Member*

VINCENT BADALA. THOMAS J. KENNEDY, *Associate Members*

The Board of Appeals continues to meet the first and third Wednesdays of the month whenever a petition is pending. Public Hearings are conducted in the Selectmen's Room at the Town Hall.

Filing fees have been revised to help defray the increased costs of the public hearings.

Amendments to the Zoning By-Laws were adopted under Article #77 of the Warrant at the adjourned session of the Annual Town Meeting

held May 3, 1965, also the amendment to zoning-by-laws adopted under Article #6 of the warrant at the adjourned special town meeting held April 21, 1965, and the zoning map relating thereto, with the approval of the Attorney General's endorsements.

During the year, 55 appeal petitions were filed with the Board. One was withdrawn prior to the hearing. Two are still pending.

All decisions by the Board are prepared in writing and filed with the Town Clerk where they are available for public perusal.

## Veterans' Services

JAMES J. FITZGIBBONS, *Director-Agent*

As Director-Agent of this department, I respectfully submit for your approval my annual report for the year 1965. You will note that its contents is quite different from any other annual report that I have submitted, as it gives a breakdown of the activities of the department.

It continues to be the purpose and objective of this department to continue rendering to each veteran as defined as such by law, and to his or her dependents when called upon to do so, such assistance that may be needed in obtaining any and all benefits that he or they may be entitled to under either State or Federal Laws.

During the past year we processed and sent to the Veterans Administration the following: 10 applications for widow's pensions all of which were granted with awards ranging from \$25.00 to \$65.00 per month; 1 application for children's pension, granted in amount of \$53.00 per month; 1 dependent parent application, granted in amount of \$75.00 per month; 10 applications for non-service connected disability, 9 granted ranging from \$43.00 to \$100.00 per month; 1 request for re-rating of a service connected disability, granted and raised from \$38.00 to \$250 per month.

In other fields of V. A. benefits we made applications for the following: 4 for grave markers, 3 for burial allowance, 17 for new G.I. insurance, 4 change of beneficiary, 6 change of address, 21 annual income questionnaires were completed.

We had 186 office visits, 216 telephone calls relative to loans, insurance, schooling, etc. We had six requests for hospitalization at V.A. hospitals. We are happy to state that the requests were granted with a possible saving of one or more hospital bills to the town. We made 173 photo-copies of various documents such as discharges, birth, death and

marriage records among other papers, 6 tax abatement forms were completed. The department also had numerous articles inserted in the local newspaper.

With regards to veterans benefits program, the sum of \$23,926.11 was expended, this being the largest amount that the department has had to expend since its conception. Of the total amount expended the sum of \$12,266.20 was paid for hospital costs; this amounted to over 50% of the total.

We had as of January 1, 1965, 7 active cases under chapter 115 (benefits program) and during the year we received 16 new applications for aid, 2 re-applications, and of the 16 new ones 1 was denied and 3 were settled in towns other than Walpole. The total number of persons assisted including the veteran was 65. Total number of Veterans' Benefits cases in 1965 was 23 and as of December 31, 1965 we had 9 active cases on file.

There were many, many other services we performed, but listing them would take up too much space.

We extend to the various departments of the town, the local social service agencies, our many friends at the Veterans' Administration and at the V.A. hospitals, our rehab department and to any who may have been of any assistance to this office during the past year our most sincere thanks and deepest appreciation for their efforts and understanding the many problems of the veterans of Walpole.

I would advise all veterans to have their discharges copied and recorded in this office, and to avail themselves of the various benefits that may be available to them or to their dependents. This office will gladly assist in disseminating to the veteran any information that will enlighten him relative to the above. Our office is open on Monday and Friday evenings 7-9 and Tuesday morning from 9-12. The telephone number is 668-1068 and can be found in the directory under Veterans' Agent.

# Town Treasurer

GERALD I. FLYNN, *Town Treasurer*

	No. of Employees	Budget	Expenditures
1950	1	\$6,045.70	\$5,673.96
1960	1 and 1 part time	8,583.55	8,612.12
1963	2 and 1 part time	11,994.00	11,604.50
1964	2 and 1 part time	11,996.00	13,342.00*
1965	2 and 1 part time	12,428.00	15,591.97★

\*—Includes sewer costs which were not included in the original budget figures.

★—Includes school bond costs which were not included in the original budget figures.

Cash in Treasury, December 31, 1965 .....	\$3,379,407.28
Norfolk County Trust Co. ....	\$544,656.95
First National Bank, Boston .....	2,000.00
State Street Bank & Trust, Boston .....	25,000.00
New Eng. Merch. Nat. Bank, Boston .....	34,576.68
New Eng. Merch. Nat. Bank, Boston (School Construction Account) .....	359,907.53
New Eng. Merch. Nat. Bank, Boston (Time Deposit) .....	1,300,000.00
Dedham Trust Co. ....	15,000.00
South Shore National Bank .....	10,000.00
Boston Safe Deposit & Trust .....	5,000.00
National Shawmut Bank, Boston (Time Deposit) .....	150,000.00
Guaranty Bank & Trust Co., Waltham (Time Deposit) .....	50,000.00
United States Treasury Bills .....	791,870.00
Cash in Office .....	91,396.12
.....	\$3,379,407.28

On investments made in U. S. Treasury Bills and time deposits by the Treasurer in 1965 the Town Treasury was enriched by the sum of \$34,056.07. This amount is credited to the Excess and Deficiency Account.

On December 31, 1965 the bonded debt of the Town of Walpole was ..... \$4,932,000.00

The total is divided as follows:

New Stone School .....	\$98,000.00
School Project Loan, 1954 .....	400,000.00
School Loan, 1954 .....	270,000.00
East Junior High School .....	910,000.00
School Loan, 1959 (East Jr. H. S.) .....	420,000.00
Boyden School Addition .....	60,000.00
Old Post Road Elementary School ..	340,000.00
West Junior High School .....	2,029,000.00
Sewer Loan .....	405,000.00
.....	\$4,932,000.00

Our present debt limit as fixed by law is \$2,015,436.00. Of the

\$4,932,000.00 total debt, \$3,399,000.00 is outside the limit and \$1,533,000.00 is inside the limit. The debt limit is arrived at by taking the average net valuation of the preceding three years and multiplying that figure by 5%.

Appropriations must be made in 1966 for the payments of bonds and notes amounting to \$418,000.00 and interest of \$150,642.50.

THE FOLLOWING TRUST FUNDS ARE IN THE CUSTODY OF THE TREASURER

Charles Fales Scholarship Fund	Calvin G. Hartshorn Cemetery Fund
Joseph P. Leach Scholarship Fund	J. Ella Boyden Fund
Charles S. Bird Library Fund	Lewis Drinking Fountain Fund
Public Library Fund	Lucy J. Gould Library Fund
Fred E. Clapp Memorial Fund	Bird Scholarship Fund
Mary W. Hyde Library Fund	Henry P. Kendall Fund
Bertha Poore Library Fund	Cemetery Care Funds

In 1965 income derived from the above funds totalled \$22,485.75.

Funds of the Maple Grove Cemetery and the Walpole Rural Cemetery are also in the custody of the Treasurer.

Building Inspector

EDWARD A. LAMORE, *Inspector*

WALTER C. ROCKWOOD, *Deputy Inspector*

# Planning Board

PAUL C. GAY, *Chairman*

JOHN A. COSMAN, *Vice Chairman*  
LOUIS E. HOEGLER

ANTHONY M. FARINACCI, *Secretary*  
JOHN J. DUFFY

During the year 1965, the heavy demands placed upon the Planning Board required an increase in the monthly meetings from the regular two, to three and four per month. In addition, the Planning Board or its representatives appeared, on several occasions, before the Coordinating Steering Committee, the Industrial Commission, the Conservation Commission, the Board of Appeals, and the Board of Selectmen. At the same time the board underwent a basic administrative dislocation as a result of the departure of our town administrator and senior town engineer.

The board was fortunate, and grateful, to have had the generous services of the League of Women Voters who assisted so willingly in the preparation of thousands of copies of application forms which were required by the new Planning Board Rules and Regulations.

The Planning Board studied and acted upon a number of plans including several Board of Appeals site plans as well as subdivision plans. The board engaged the services of an outside consultant to assist in advising the board on one of the larger subdivisions, and were highly pleased with the results.

At the Annual Town Meeting the citizens of Walpole supported the Planning Board by adopting approximately 70% of the zoning legislation proposed by the board.

The following are regarded by the Planning Board as having been among the more significant items of consideration during the past year:

1. Adoption by the Planning Board of its new rules and regulations.
2. Adoption by Town Meeting vote of revised and updated Zoning By-Laws.
3. Adoption by Town Meeting vote of Flood Plain Zoning (authored by the Conservation Commission and co-sponsored by the Planning Board).

Future objectives of the Planning Board include:

1. Employment of a full time clerk.
2. Cluster zoning.
3. Employment of a full time planner.
4. Field trips to other communities.
5. Regional Planning.
6. Urban Renewal.
7. Revision of Zoning By-Laws.

# Town Forest Committee

BENJAMIN BARANOWSKI, *Chairman*

ANNE BIRD, *Secretary*

JULIUS YANKEE

In 1965 the Old Colony Council again held its Spring Camporee in the Town Forest. The Council Ring, which was cleared in 1964, was used for the first time at the Camporee. A local National Guard Unit camped in the Forest over one weekend; a number of Walpole Girl Scouts set up an efficient camp in which they overnighted for several days; private individuals also camped in the Forest during the year.

Another well was set up in the Forest so that now two pumps are available for camping.

In October the Bay State League Cross Country Meet took place. For nearly ten years the League has run a two and one-half mile cross country race through the Forest.

Men from the Norfolk County House of Correction spent approximately 5000 man-hours on projects in the Forest, which included:

- Clearing the fire lanes;
- Improving the entrances to the Forest;
- General pruning;
- Cutting of cordwood of which 10 cords were sold.

## INCOME

### ADMINISTRATORS

BERNICE D. SHANNON, *Director*

HARRIET E. ERICKSON, *Senior Clerk*

### BOARD MEMBERS

RICHARD H. KANNALLY, *Chairman*

ROSE M. GRAY

BEVERLY PENNIMAN

	No. of Employees	Budget	Expenditures
1950	3 Board Members, Director and Clerk	\$85,249.00	\$72,669.48
	U. S. Grants	49,421.76	49,421.76
1960	3 Board Members, Director and Clerk	79,382.48	76,773.28
	U. S. Grants	34,289.52	32,238.06
1963	3 Board Members, Director and Clerk	67,640.02	63,412.23
	U. S. Grants	72,004.26	58,271.64
1964	3 Board Members, Director and Clerk	64,788.25	55,223.71
	U. S. Grants	69,906.75	68,788.46

The department experienced an active year. The twelve month period brought forth many revisions in our fee schedules showing increased costs and allowances for nursing homes, chiropodists, podiatrists, physical therapists, ambulance and public medical institutions, all of which entailed a large amount of clerical and secretarial work.

We are pleased to report that work progressed well with school drop outs and we want to assure the townspeople of our very definite interest and efforts to have a continuance of this progress.

During the year we took advantage of Extension Courses offered by the Norfolk County Agricultural School. We selected individuals from our public assistance rolls as well as some that were not on our rolls for participation in the courses offered in Budget Planning and Food Management. The results have been more than gratifying.

The department personnel has continued its effort in treating each case individually and we have made a concentrated effort to place accent on social diagnosis as well as medical diagnosis in order that our Agency continue to set up a plan to comprehensively help each and every individual. Our goal continues to be one of rehabilitation wherever possible and to encourage employment for those who have an employment potential.

A great deal of time has been spent in aiding our elder citizens to make application for Medicare and answering their questions on exactly what it will mean to them. Medicare will start operating on July 1, 1966 and our advice to citizens is "don't wait—sign up". A person who is now

sixty-five or over must enroll in this program before March 31, 1966 or wait until October 1, 1967.

When Medicare comes into operation, we assume that there will be a downward trend in expenditures which have had to be made in behalf of our recipients of medical and in certain cases, some nursing home care.

Collections and recoveries for the year 1965 were in the amount of \$4,064.22.

It is with deep sincerity that we express our appreciation to all who have in so many ways contributed to the successful operation of this Department throughout the year.

### *Deduct*

Estimated receipts from State (Cherry Sheet) .....	531,928.93	485,158.16
Other estimated receipts and available funds .....	871,740.59	1,228,424.11
Net amount to be raised by Taxation .....	2,745,369.12	2,982,404.05
Rate of Taxation .....	76.00	79.00
Number of Motor Vehicles Assessed .....	9736	(Estimate) 13,000

The necessity for a review of Property Assessments becomes more pressing each year. The last complete professional appraisal in Walpole was in 1931.

This plus the fact that the State requirement for 100% valuation is becoming imperative prompts the Board of Assessors to recommend a property appraisal be conducted in the town in 1966.

# Tax Collector

JANE A. AHEARN, *Town Collector*

	No. of Employees	Budget	Expenditures
1950	2	\$5,715.25	\$5,696.33
1960	2	11,253.30	11,238.58
1964	2 and 1 part-time	12,490.48	12,360.46
1965	2 and 1 part-time	13,413.00	13,111.69

The responsibilities of the Town Collector have increased during the past year. The growth of the town is reflected in the number of bills and amount of money handled in this office.

I extend my thanks to the taxpayers for their kind co-operation.

## Industrial Commission

WILLIS D. MCLEAN, *Chairman*

GUY H. GIAMPAPA, *Secretary*

JOHN J. BURKE

JAMES L. STEIN

WILLIAM F. NETHERCOTE, JR.

JOE N. WELCH

A. RICHARD MOORE

JOHN A. COSMAN

GEORGE B. LYONS

GEORGE B. BURNETT

The Commission has held regular monthly and special meetings throughout the year and met, whenever necessary, with the Selectmen, Town committees and State authorities.

Representatives of industries seeking new locations were interviewed. every effort being made to acquaint desirable businesses with Walpole's advantages.

Continued expansion of local industries has occurred, notably an addition to The Kendall Co.'s warehouse on Station street and the enlarging of this company's plant on South Street. The Bird-Johnson Co. moved its general office from Dedham to Walpole and a substantial addition to the plant of L. F. Fales Machine Co. was completed. Bird Machine Co. increased its manufacturing facilities in South Walpole. Several retail stores and professional offices were opened.

Active contact has continued with the Massachusetts Department of Commerce. Moreover, every effort has been made to bring Walpole's industrially zoned areas to the attention of firms in Cambridge and Hyde Park which are being forced to re-locate due to NASA and the continuation of Route 95 from Route 128 to Boston.

The aerial photograph referred to in last year's report has been delivered. A 3 foot by 3 foot enlargement is being used advantageously.

With good local government, a fair tax structure, excellent transportation facilities, adequate water and sewerage and a good school system, Walpole has a unique capability to fulfill a large range of plant re-location and expansion programs.

# Housing Authority

LEO F. TETREAULT, *Executive Director*

JOHN P. DOLAN, *Chairman*

ROBERT G. GAW, *Vice-Chairman*

DENIS F. O'BRIEN, *Treasurer*

ROBERT A. COBB, *Assistant Treasurer*

JAMES B. MAGUIRE

The Walpole Housing Authority met fifteen times during the year 1965.

During the year, the Authority installed fourteen kitchen floors and seven bathroom floors. Improvements were made in the sewage system, and new electrical appliances and one new heating furnace were installed. Considerable work was done on repairs to keep the property in good condition. The painting of 22 houses, scheduled for late 1965, was postponed because of the weather to this spring, 1966.

The Authority announced in November, 1965, to the tenants and press, that it voted unanimously, with the approval of the Department of Commerce and Development, Division of Housing, to sell the Veterans' Project known as "Robinwood".

"Robinwood" consists of forty-five single family homes—twenty-two two bedroom units and twenty-three three bedroom units. The admission incomes and limits were increased again this year. "Robinwood" was built under Chapter 200.

The present tenants will have first claim to buy their houses. For those not accepting, the houses will be sold according to General Law 121, Section 26NN, Part V, Paragraph E.

When the sale has been accomplished, it will add 45 single family houses and over \$200,000 to the tax roll of Walpole.

The Authority will offer for approval of the voters, an article in the 1966 Town Meeting for permission to show the need in Walpole for Housing for the Elderly. This is badly needed in Walpole as we have reports of Walpole citizens endeavoring to get into Norwood and Wrentham projects. Housing for the Elderly will NOT ADD one cent to the tax rate of Walpole.

## Conservation Commission

WILLIAM STILLMAN, *Chairman*

ANNE BIRD, *Secretary*

AARON HILL

CHARLES M. BOOTHBY

FRANK DAVIS

KENNETH ROUNDS

GEORGE WIGNOT

*Associate Members*

VERA DEROSA

EDWARD LAMOUREUX

ERNEST H. BERRY, JR.

MRS. DODGE

GEORGE HORTON

RICHARD GILBERT

The year 1965 has been a productive one for the Town of Walpole in the field of conservation. Three pieces of legislation have greatly

increased the scope and strength of endeavors to protect the natural resources of Walpole.

At the Adjourned Special Town Meeting in April the Town voted to adopt Flood Plain Zoning. As a result of this action wetlands bordering major streams are protected from encroachment.

In June the Legislature passed the Hatch Act, which protects all inland waters for water supply and flood control. Before any filling or building may be done on land bordering inland water in the Commonwealth of Massachusetts it is necessary that an application be filed; a public hearing held; notices sent to the State Departments of Natural Resources, Public Works and Public Health, as well as various local boards. It soon becomes evident that this is powerful legislation and will greatly help to protect the rapidly disappearing wet-lands. Applications have been received in Walpole and hearings held.

Thirdly, the Legislature passed the Coastal Wetlands bill, which provides Conservation Commissions with the power of eminent domain. Approval of both the Board of Selectmen and the Town Meeting are necessary before the use of this power may be exercised. Letters have been sent during the year to Representatives and Senators on both the state and national level to encourage legislation pertaining to the protection of natural resources.

Members have attended meetings of the Massachusetts Association of Conservation Commissions, Associated Neponset Valley Conservation Commissions, the Charles River Basin Association, National Audubon Convention, and the Norfolk County Conservation District. Joint meetings have been held with the Commissions of the towns of Norwood, Sharon and Foxboro. At the local level joint meetings have been held with the Board of Selectmen, Planning Board, Industrial Commission, as well as consultations with the Town Counsel and Town Administrator. Cooperation from the Engineering Department, Town Clerk's Office and the Assessors' office has been greatly appreciated. The State Supervisor of Conservation Education, the Massachusetts Audubon Society, and the Walpole School Department have cooperated to implement a pilot plan for Conservation Education at the Old Post Road School.

Support received from the Neponset Valley Trust has been invaluable and has made possible several public meetings, including one of vital concern to the Town on the subject of water. In conjunction with other town boards aerial photographs and soil maps have become valuable tools in the determination of land use.

The inventory of land reserved for Conservation purposes was increased in 1965 by the following gifts, purchases and transfers of title:

	<i>Total</i>
<i>Gifts</i> —Bird Machine Co.: 13 acres; Walpole Center Development Co.: 10.7 acres .....	23.7
<i>Purchases</i> —Gordon Bowker: 9.9 acres; Harry and Mary Kerr: 10.6 acres .....	20.5

<i>Transfers</i> —Town tax title land: in Cedar Swamp: City Mills Lots,	
39 acres; other parcels: 87.4 acres .....	126.4
	<hr/>
	170.6

To date, the Town now controls 196.6 acres for conservation purposes. Many others are currently being negotiated, including the Spring Brook-Diamond Brook Flood Control project in cooperation with the federal government under Public Law 566. Reimbursement from the State has been received for approximately 50% of the purchase price on all lands bought. This money has been deposited in the Excess and Deficiency Account. State reimbursement in 1965 came to \$5,071.25.

Meetings, open to the public, are held on the first and third Thursdays of the month, at 7:30 p.m. in the Town Hall.

# School Department

## SCHOOL COMMITTEE AND ITS OFFICERS

CLASS NIGHT FOR CLASS OF 1965

## School Enrollment

On opening day of September 8, 1965, 4348 children enrolled in our schools. Of this number, 2595 were in Grades one through six, 712 in Grades seven and eight, while 1041 were in the Senior High School.

In order to accommodate the elementary pupils, it was necessary to set up a class in the Cafeteria of the Fisher School and to place two small classes in one room at the Old Stone School. Three classes of sixth grade pupils were sent to the East Junior High School from the North Walpole area. Twenty-seven elementary classes in town had more than the thirty-pupil limit desired by the School Committee. Fifteen of these large classes were in the crowded Fisher School district.

In September, 1966, the new West Junior High School, with a capacity of 886 pupils, and the sixteen-room parochial elementary school should do much to offset our steadily expanding enrollment.

## Senior High School

At graduation on June 8, 1965, diplomas were presented to 211 graduates by Mr. Garrett H. Dalton Jr., Chairman, Walpole School Committee.

Honor essays were presented by Margaret Johnson, James Erker, Elizabeth Recks, and Aaron Sawyer.

The following scholarship awards were presented at graduation:

*Martha Metcalf Allen Scholarship*: Elizabeth Recks.

*Walpole Teachers' Association Scholarships*: Anne Cunniff and Marjorie Waterman.

*Norfolk County Trust-Dedham Trust Company Scholarship*: Melinda Fuller.

*Walpole Woodworkers' Self-Improvement Awards*: Allen Falconer and Marilyn Horgan.

*Walpole Women's Club Scholarship*: Ann Barker.

*Walpole High School Library Scholarship*: Margaret Johnson.

*Walpole Police Association Award*: Daniel Schultz.

*Walpole Businessmen's Association Award*: John Laliberty and Claire Willis.

*The Rita Kenney Scholarship*: Dorothy Freeman and Sandra Freni.

*Walpole Rotary Club Scholarship*: Lois Gilmore and Glenn Lambson.

*Fernandes Super Market's Scholarship*: Lucille Conti.

*Walpole High School Student Council Scholarships*: James Erker and Patricia Hodgman.

*Walpole Post Veterans of Foreign Wars Scholarship*: Robert Proccini.

*Walpole Youth Center Scholarship*: Philip Allan.

*Norwood Business and Professional Women's Club Scholarship*: Susan Jackson.

## Statistics on the Class of 1965

One hundred fifty students made application to future education. The Guidance Department processed 370 applications for an average of 2.5 applications for each student applying. Of the 370 applications, 234 were accepted.

Considering the total senior class, 150 students or 70% of the class of 215 are planning on post-high school education. The remaining future plans are: Service 5%, Work 19%, Marriage 0, Undecided 6%.

The following is a comparison of the class of 1965 with the classes of 1963 and 1964 at the time of graduation.

	1965	1964	1963
Continuing Education .....	70%	72%	67%
Armed Forces .....	5%	5%	3%
Work .....	19%	17%	17%
Marriage .....	0	1%	1%
Unsettled ( waiting to hear, etc.) ....	6%	5%	12%

LANGUAGE LAB AT SENIOR HIGH SCHOOL

For the class of 1965 in the above category labeled continuing education, the breakdown of the 70% of the students is as follows:

### Continuing Education

4 Year Colleges .....	32%	Junior Colleges .....	4%
Nursing .....	4%	Business Schools .....	15%
Preparatory Schools .....	8%	Technical Schools .....	7%

### Scholarships

The Scholarships for the classes of 1964 and 1965 are as follows:

First Year	Extended	Local Scholarships	Total	
\$18,950	\$72,350	\$2,050	\$74,400	1964
\$18,700	\$74,800	\$2,800	\$77,600	1965

Upon further investigation of the applications when considering geographical distribution, the following holds true:

	1965	1964	1963
<i>Massachusetts</i>			
Applications .....	72%	71%	68%
Acceptances .....	78%	81%	74%
<i>Other New England States</i>			
Applications .....	15%	14%	17%
Acceptances .....	9%	9%	12.5%
<i>Outside New England</i>			
Applications .....	13%	15%	15%
Acceptances .....	13%	10%	13.5%

Members of the Class of 1965 received acceptances from the following four-year degree granting colleges and universities:

Alma College	Northeastern University
Babson Institute	Purdue University
Beloit College	Regis College
Boston College	Rensselaer Polytechnic Institute
Boston State College	University of Colorado
Boston University	University of Connecticut
Bridgewater State College	University of Georgia
Brown University	University of Idaho
Bryant College	University of Maine
Chestnut Hill College	University of Massachusetts
Colby College	University of New Hampshire
Concord College	University of Notre Dame
Emmanuel College	University of Rhode Island
Framingham State College	University of Southern Florida
Georgetown University	St. Joseph's College
George Washington University	St. Lawrence University
Harvard University	Southern Methodist University
Holy Cross College	Stanford University
Keuka College	Stonehill College
Lake Erie College	Trinity College
Lowell Technological Institute	Tufts University
Marietta College	Villanova University
Mass. Institute of Technology	Westfield State College
Merrimack College	Wellesley College
Michigan State University	Wheaton College
Middlebury College	Worcester Polytechnic Institute
North Adams State College	

## SENIOR HIGH SCHOOL

### Curriculum Developments

New courses added this year were:

1. German I
2. General Math IV
3. Clerical Training
4. Spanish IV

Other curricular innovations which are being studied and for which faculty members are being prepared are:

1. Data processing fundamentals.
2. Biological Science Curriculum Study Course.
3. Shorthand Dictation Laboratory.

### Data Processing Services

The Univac Data processing services were utilized again this year in the preparation of individual and master programs and scheduling for

GLEE CLUB CONCERT AT JUNIOR HIGH SCHOOL

pupils and teachers. The efficiency and accuracy of this system warrant the continued use of the services. Report cards were prepared and issued by the service this year with similar efficient results. Under consideration and study is the future use of data processing for attendance and permanent record information.

### Instructional Materials

Pupils are being well-supplied with modern instructional materials.

Audio-visual teaching aids, curricular reading lists and reference materials from the library, television programs, outside speakers, and exhibits have been used in the instructional program.

### Mathematics

Walpole High School offers mathematics courses for the college preparatory and non-college oriented student alike for grades nine through twelve.

At the present time we have 77.1 percent of the total enrollment of 1021 students taking some course in mathematics (not including any of the business courses in mathematics).

Courses are given for the academically talented, for the above average, for the average and for those with little interest or inclination for anything mathematical. Any student may "cross-track" if he so desires. This means that if a non-college student has the interest and aptitude, he may take a college mathematics program—as long as he fulfills the prerequisites for any particular course.

All of the courses contain the modern terminology because these youngsters will be the parents of tomorrow, where the present "newer" words will become the commonplace everyday language. Textbooks are constantly being evaluated and re-evaluated so that our pupils will meet the challenges and competition from other schools.

In order to keep abreast of the current changes in mathematics, our courses must continually be reviewed and evaluated.

## LEACH SCHOLARSHIP AWARDS

The Leach Scholarship Committee met on December 14, 1965 and awarded the following scholarships to students who are graduated from Walpole Senior High School and who are now enrolled at non-sectarian universities, colleges, or institutes:

Charles Boothby, Jr., attending Beloit College.  
Elizabeth Ann Chambers, attending the University of Massachusetts.  
Erica L. Coburn, attending Tufts University.  
Susan C. Cox, attending Simmons College.  
Thomas E. Dunn, attending Brown University.  
Susan L. Fish, attending Lake Erie College.  
Melinda R. Fuller, attending Smith College.  
Suzanne L. Hamilton, attending Syracuse University.  
Audrey Maxwell, attending Lake Erie College.  
Robert A. Nilson, attending Northeastern University.  
Nancy Tarbell, attending Lake Erie College.  
Jane E. Whinnem, attending Wheaton College.

The interest from this large fund will amount to approximately \$9,478.00. In all, forty-eight applications for Leach scholarships were processed.

## FALES SCHOLARSHIP AWARDS

The 1965 awards to graduates of Walpole High School, who are attending colleges, universities, or institutes were announced by the Fales Scholarship Committee, as follows:

Lucille N. Conti, attending Northeastern University.  
Virginia M. Grant, attending State College at Framingham.  
Mary E. Jacobs, attending University of Vermont.  
Donald W. Kemp, attending University of Colorado.  
Kathleen O'Neil, attending Regis College.  
Robert J. Procaccini, attending University of Notre Dame.  
Elizabeth H. Recks, attending Massachusetts Institute of Technology.  
Suzanne W. Tourtellotte, attending Mass. Institute of Technology.  
Rosemary Wise, attending University of Massachusetts.

The interest available for 1965 amounts to approximately \$4,496.00 and will be distributed in awards of approximately \$500.00 each.

The total amount distributed through the years from interest earned by the \$100,000 Fales Fund now has reached an approximate \$129,490.

In all, sixty-nine applications for Fales scholarships were processed.

## THE WALPOLE SCHOOL LIBRARIES IN 1965

The school libraries continue to serve as centers for individual research and reading, and as laboratories for instruction in the basic

FIRST STAGES OF CONSTRUCTION OF WEST JUNIOR HIGH SCHOOL

library skills. Throughout 1965, all libraries showed a steady increase in use for class instruction, free reading, and student and teacher use.

In October, 1965, Mrs. Faith Mullaney assumed her duties as Walpole's first elementary school librarian. Her coming made it possible to extend the library instruction program to include all sixth grades in the town, and to provide all sixth grade pupils with a common base of library skills. The pilot library instruction program, now in its third year, has been continued in the Boyden and Old Post Road Schools, and is now being given in the Bird School as well.

The Bird School library collection was greatly increased in 1965, and new library equipment has been purchased for this library. During July and August, the Boyden School library was opened for two mornings each week for circulation of books to children in the South Walpole area. This program proved highly successful, and it will be expanded in 1966.

### ELEMENTARY STAFF COUNCIL

The Elementary Staff Council, appointed by the Superintendent, is made up of teachers representing each of the elementary schools. It is to serve as a study group for the improvement of educational instruction in the Walpole elementary schools.

Any teacher who has a suggestion for improving instruction is encouraged to submit the idea to the Council. The Council, after careful study, will make recommendations to the Superintendent of Schools.

The Council has studied grouping practices and reporting pupil progress in the elementary schools. The Council has also reviewed the

CONCRETE FOUNDATIONS FOR WEST JUNIOR HIGH SCHOOL

Harvard Report. After much debate and careful consideration, it was the unanimous recommendation of the Council that a uniform program of ability grouping be adopted in all elementary schools. The program will be:

1. On an interclass basis.
2. In grades one through six in reading.
3. In grades two through six in arithmetic.

The Council recommended that the following changes should be made in our method of reporting pupil progress:

1. The children should be marked according to group standard rather than grade standard. The child's group level will be indicated with large numerals and his achievement indicated with a letter. A child's marks for READING and ARITHMETIC could be two of the following:

1a	1b	1c	1d	1e
2a	2b	2c	2d	2e
3a	3b	3c	3d	3e
4a	4b	4c	4d	4e
2. A parent-teacher conference to be held in connection with the first report card. This conference is mandatory for all teachers and would be held during release time. The Conference is to be structured so that the topics discussed at each conference would be the same throughout the system.
3. The numerals 1, 2, and 3 presently used to indicate the child's social habits will be eliminated. Instead, the child's social habits will be reported by using the letters G, S, and N.

G	— Good
S	— Satisfactory
N	— Need for improvement
4. The scholarship and social habits sides of the report card are to be reversed.

# Town Counsel

RICHARD H. KANNALLY, *Town Counsel*

The year 1965 resulted in considerable activity in the legal department due to the numerous suits against the Town and various committees of the Town.

I would like to congratulate the Junior High School Building Committee for its thoroughness in investigating bidders which was most helpful in presenting our case in the Suffolk Superior Court and resulted in a finding for the Town and a saving of at least \$80,000.00.

The work of the Conservation Committee increases each year and demands much time from its members and from your Counsel. I have worked closely with the Committee and have prepared conveyances for them and also obtained signatures and acknowledgments on various deeds, both in fee and in trust.

Conveyances by the Selectmen, in accordance with the vote of the Town, have been prepared and recorded.

Your Counsel has furnished written and verbal opinions on legal questions as requested by various boards and committees and has furnished legal advice to the various town officials upon subjects concerning the duties incumbent on said officials by virtue of their office.

The growth of the town with its increase on the demands of the department of public works, water department and sewer department has increased the work of your Counsel in drafting legal documents for these departments.

I take this opportunity to thank all the town officials, boards and committees for the excellent spirit of cooperation which they have extended to me.

# Town Accountant

HENRY B. ADAMS, *Town Accountant*

In compliance with Section 61 of Chapter 41 of the General Laws, I submit herewith the Annual Report of the Accounting Department for the year ending December 31, 1965.

The Accounting Department prescribes and operates a set of general accounts embracing all financial transactions of the town.

All bills, invoices and payrolls against the town are checked to determine regularity and legality before they are paid.

Monthly reports concerning receipts and expenditures of the town are prepared, and a detailed annual financial report is prepared for public use.

	No. of Employees	Budget	Expenditures
1950	1	\$3,585.75	\$3,467.42
1960	1	5,671.00	5,657.02
1964	2	11,625.00	11,621.81
1965	2	12,375.00	12,307.41

## STATEMENT OF RECEIPTS, EXPENDITURES, DEBT, EXCESS AND DEFICIENCY, TAX RATE

John P. Dolan was declared elected to the Walpole Housing Authority for a term of five years and was sworn into office by John H. White, Town Clerk.

---

#### TOWN OF WALPOLE

APRIL 12, 1965

The Adjourned Annual Town Meeting was held in the High School Auditorium on Monday, April 12, 1965 at 7:30 P.M.

A quorum being present, Moderator George F. Barr called the meeting to order. On a motion regularly made and seconded, it was voted to waive the reading of the Warrant.

ARTICLE 1.—The Moderator requested all non-voters to raise their right hands, and addressed them with respect to their behavior.

The Moderator appointed Jesse Jefferey, William A. Broadley, James Buffington, III, and Geoffrey Plunkett as Tellers.

Donald E. Ridley, chairman of the Walpole Appropriation Committee, explained to the voters his committee's stand on expending money from the E. & D. Account.

Richard H. Holman, chairman of the Board of Selectmen, explained the position of the Selectmen as they differed from the Appropriation Committee on E. & D. manipulation.

Chairman of the Board of Selectmen, Richard H. Holman, moved that Herbert Readell and Walter F. Meyer be appointed as Surveyors of Lumber and Measurers of Wood and Bark. It was so VOTED.

Selectman Edward J. Delaney, after describing the Home Rule Bill, requested the Town Meeting to instruct its Representatives to the General Court to vote in favor of the Home Rule Proposal (H-1384 of 1963 as revised) when it comes before them.

Richard H. Holman moved that "We, the citizens of Walpole, aware of the hatred and strife evidenced in recent months, join with all civilized men, North and South, in protesting this savage suppression of freedom.

"We strongly urge that the United States Government exercise all the power vested in you, to guarantee to all citizens the right peaceably to assemble, to petition for redress of grievances, and to vote. Let there be no legal, moral, or political reasons to delay this action."

On Motion of the Chairman of the Appropriation Committee, Donald E. Ridley, it was Moved, Seconded and VOTED:

That the recommendations as printed in the Appropriation Committee report be accepted as motions.

ARTICLE 2.—Paul C. Bunker, representing the Building Committee for the Addition to the Boyden School, presented the report of said committee, to wit:

"The Building Committee for the Addition to the Boyden School wishes to report that its assignment has been completed with the exception of a needed enlargement of the black top area for teacher parking. This has been contracted for, and is expected to be completed as soon as weather permits.

The Committee therefore requests that it be discharged, effective on the date that the parking area project is satisfactorily completed." (Signed by Roger A. Ives, Chairman.)

VOTED: That the Committee be discharged, effective on the date of completion of the parking area, with the thanks of the Moderator.

Speaking for a Special Committee to submit for consideration of the town, a name for the new elementary school on Old Post Road, which opened last fall, Willis D. McLean moved that the name of the school be the Old Post Road School, and that the Committee be discharged. It was so VOTED.

Speaking for the Recreation Committee, John Gray submitted the following report:

"Our committee was formed to study the recreational needs of the Town and to make recommendations for future courses of action in the fields of recreation. In general we found that while Walpole does offer many recreational opportunities, there is a definite need for better co-ordination of these activities. We also discovered areas in which the Town is not making full use of facilities that we already have, as well as areas in which we need to add facilities for a well-rounded recreational program.

Our aim has been to consider the needs of all ages, from 7 to 70, and to think in terms of a twelve-month a year program. We have several suggestions for immediate action, calling for the expenditure of some money this year. These items will be brought before you under Article 36 later in the meeting. Briefly, for now let me say that we suggest adding recreational opportunities for youngsters by installing a playground combination unit (slide, swing, see-saw, etc.) at each school playground. For teenagers we would light the basketball areas outdoors on playgrounds in the town. (These lights would also serve as protection to the school as they would discourage vandalism.) Both teenagers and adults would benefit from our suggestion that the school gymnasiums be made more readily available to groups by having the Town assume responsibility for paying the janitorial fees involved. In order to make better use of the camping and picnic possibilities of our Town Forest, we suggest buying permanent type tables and grills. Finally, we feel that adults deserve a chance to use the swimming pools, and we suggest lighting the pools in Walpole and South Walpole and adding an hour from 8:30 to 9:30 for adults only.

The total cost of the above recommendations is Four Thousand Dollars (\$4,000.00). In order to use this money efficiently and to co-ordinate the whole program of recreation for the Town, it is necessary to have a definite authority responsible for the program. Ideally, this should be a professional, full-time paid recreation director. The committee is equally divided as to whether this year is the year to start with a full-time director or if a committee of citizens could carry on, functioning as a recreation committee quite different from the present one.

This question also will be discussed in detail in connection with Article 36. In any case, it is highly desirable that the Town have a recreational committee, either to run the program or to assist a Recreational Director. This committee should consist of five members, and as soon as possible the committee should be made an elected one. (In the interim, of course, it must be appointed.)

The committee also has formed long-range plans, most of them calling for greater expenditures than we feel prepared to suggest at this time. We strongly back the proposed tennis courts at the high school, and we wish to remind the Town that it is not truly economical to cut corners on recreational budgets, only to pay heavily in protection against delinquency that inevitably arises in a recreationally poor town. Walpole is still in a fairly good position, but we must act in the coming years to purchase land areas throughout Town as suggested in the Master Plan. We must develop areas already owned so that they can be utilized to fullest advantage. And we must have guidance. As a minimum we hope that you will vote for Article 36 at least as far as giving the proposed Recreation Committee in the way of funds and facilities to work with. If you are really interested in a recreational program, there is not a doubt that a full-time Recreational Director would be the surest way to an effective improvement in our program for the next year.

In summation, there are definite problems in the area of recreation in our town, and some action should be taken this year. Secondly, there are far larger programs needed in the near future, and we urge all of you to study our town carefully and to back future proposals to improve recreation in Walpole."

ARTICLE 3.—VOTED: That the Town shall and hereby does authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time, in anticipation of the revenue of the financial year, beginning January 1, 1965 and to issue a note or notes therefor, payable within one year, in accordance with Section 17, Chapter 44 of the General Laws. (Ter. Ed.)

ARTICLE 4.—VOTED: That the Town shall and hereby does petition the Director of Accounts, Department of Corporations and Taxation, Commonwealth of Massachusetts, for an audit of the Town's Accounts, in accordance with Section 17, Chapter 44, of the General Laws. (Ter. Ed.)

ARTICLE 5.—VOTED: That the Town shall and hereby does authorize the Collector in collecting taxes to use all means which the Treasurer may use when appointed Collector.

ARTICLE 6.—VOTED: That the Town shall and hereby does authorize the Collector in collecting water rates and service bills to follow the rules and regulations of the Water Department.

ARTICLE 7.—VOTED: That the Town shall and hereby does authorize the Collector in collecting sewer assessments to follow the rules and regulations of the Sewer Department.

ARTICLE 8.—VOTED: That the Town shall and hereby does authorize the Selectmen to sell any and all property now owned by the Town, or to be acquired, as a result of foreclosing rights of redemption in said property.

ARTICLE 9.—VOTED: That the Errata Sheet as printed and distributed during town meeting be accepted as corrections to the Appropriation Committee Annual Report of 1965.

VOTED: That the Town shall and hereby does instruct the Selectmen to provide compensation under the Workmen's Compensation Act, for its laborers, workmen, and mechanics, including all employees of the Town, regardless of the nature of their duties receiving injuries out of and in the course of their employment or in case of death resulting from such injury, raise and appropriate money therefor.

ARTICLE 10.—It was Moved, Seconded and VOTED:  
BOARD OF SELECTMEN (Items 6 and 7)

Salaries and Wages .....	\$5,550.00

ARTICLE 12.—VOTED: That the Town raise and appropriate the sum of Forty-eight Thousand Three Hundred Twenty-Five Dollars (\$48,325.00) to pay its proportionate share in the Contributory Retirement System for the year 1965. (Budget Item 97).

ARTICLE 13.—VOTED: That the Town raise a sum of Two Thousand Five Hundred Dollars (\$2,500.00) for the Public Celebration Committee. (Budget Item 91).

ARTICLE 14.—It was Moved and Seconded: That the Town raise and appropriate the sum of Nine Thousand Five Hundred Dollars (\$9,500.00) for the employment of a District Nurse or Nurses.

Richard H. Holman, chairman of the Board of Selectmen moved that the Town raise and appropriate the sum of Nine Thousand Five Hundred Dollars (\$9,500.00) by transfer from the Excess and Deficiency Account for the employment of District Nurses.

The motion was *DEFEATED*. 175 YES; 197 NO.

VOTED: That the Town raise and appropriate the sum of Nine Thousand Five Hundred Dollars (\$9,500.00) for the employment of a District Nurse or Nurses.

ARTICLE 15.—It was Moved, and Seconded: That the Town instruct the Selectmen to make a minimum charge of One Dollar (\$1.00) for water in Francis William Park, a public park in East Walpole during the year 1964 and raise and appropriate the sum of One Thousand One Hundred and Sixty and 18/100 (\$160.18) to pay the difference between said minimum charge of One Dollar (\$1.00) and the bill rendered by the Water Department for the year 1964 to Francis William Park.

Richard H. Holman, chairman of the Board of Selectmen, moved that the Town raise and appropriate the sum of One Thousand One Hundred Sixty Dollars and Eighteen Cents (\$1,60.18) by transfer from the Excess and Deficiency Account to pay the difference between said minimum charge of One Dollar (\$1.00) and the bill rendered by the Water Department for the year 1964 to Francis William Park.

The substitute motion was *DEFEATED*.

It was Moved, Seconded and VOTED: That the original motion be accepted.

ARTICLE 16.—VOTED: That the Town raise and appropriate or transfer from unappropriated funds, available in the treasury, a sum of Six Thousand Dollars (\$6,000.00) for the maintenance of Chapter 90 roads in Walpole, said money to be used in conjunction with any money which may be allotted by the State or County or both for this purpose. (Budget Item 68).

ARTICLE 17.—VOTED: That the Town raise and appropriate from the receipts of the Water Department for the maintenance, construction and retirement of any and all bonds, notes and interest payable in 1965, a sum of money, One Hundred Thirty-Eight Thousand Six Hundred Forty-Eight Dollars (\$138,648.00) in accordance with the provisions of Chapter 396 of the Acts of 1928.

Administration .....	\$6,500.00
Labor and Salary .....	52,580.00
Expenses .....	79,468.00

Total .....	\$138,648.00
-------------	--------------

ARTICLE 18.—VOTED: That the Town raise and appropriate by transfer from the receipts of the Sewer Department to the Sewer Department for administration, maintenance and sewer connections payable in 1964, the sum of Twelve Thousand Two Hundred and Thirteen Dollars (\$12,213.00).

Administration .....	\$700.00
Maintenance .....	11,513.00

Total .....	\$12,213.00
-------------	-------------

ARTICLE 19.—Fred P. Turco, Chairman of the Personnel Board, offered the following motion:

That the Town approve the actions of the Personnel Board during 1964 following the Annual Town Meeting and prior to the 1965 Annual Town Meeting.

VOTED: That the Town vote to revise the By-Law governing the Classification of Personnel and the Administration of Standard Rates and Wages and approve actions of the Personnel Board during 1964 following the Annual Town Meeting.

#### REPORT OF THE PERSONNEL BOARD

Following the 1964 Annual Town Meeting and prior to the 1965 Annual Town Meeting, the following actions were taken by the Personnel Board and it is therefore recommended to the voters of the Town that these actions be approved.

#### MERIT INCREASES

Respectfully submitted,

FRED TURCO, Chairman  
JOHN FULTON  
WILLIAM CONNOR  
WILLIAM KEEFFE, JR.  
WALLACE C. DUNCAN

ARTICLE 20.—It was Moved and Seconded: That the Town vote to raise a sum of money to engage the services of a consultant to study the administrative organization within the Town Hall and also all other departments under the jurisdiction of the Board of Selectmen.

The Board of Selectmen offered the following substitute motion:

That the Town raise and appropriate the sum of Three Thousand Dollars by transfer from the Excess and Deficiency Account to engage a Consultant to study the Administrative organization within the Town Hall and all other Departments under the jurisdiction of the Board of Selectmen.

The substituted motion was *DEFEATED*.

It was Moved, Seconded and VOTED: That action on this Article be indefinitely postponed.

ARTICLE 21.—VOTED: That the Town raise and appropriate the sum of Eighteen Thousand Five Hundred Dollars (\$18,500.00) to cover the expenses of Physical Training, Athletics, Equipment and Transportation of teams for the Junior and Senior High Schools as defined and specified in Chapter 71 of the General Laws of the Commonwealth of Massachusetts and Chapter 658 of the Acts of 1950.

ARTICLE 22.—It was Moved and Seconded: That the Town vote to raise a sum of money for the construction of tennis courts at the Senior High School.

Garrett H. Dalton, Jr. proposed the following substitute motion: That the Town raise and appropriate the sum of Twenty-two Thousand Dollars (\$22,000.00) to cover the cost of construction of tennis courts at the Senior High School.

Mr. John Fulton presented an amendment to the substitute motion:

That the \$22,000.00 be taken from the E. and D. Account.

The Amendment and Substitute Motion were defeated. 194 to 160.

VOTED: That Article 22 be indefinitely postponed.

The time of 10:30 P.M. having arrived, VOTED: That the Meeting be adjourned until Wednesday, April 21, 1965 at 7:30 P.M.

## SPECIAL TOWN MEETING

April 20, 1965

A quorum being present, Moderator George F. Barr opened the meeting at 8:15 P.M.

The Moderator appointed the following tellers: Parker Perry, Edgar Grout, Norman Sellers, and Roger Turner, Jr.

VOTED: To waive the reading of the warrant.

ARTICLE 1.—VOTED: That the Town raise and appropriate by transfer from the Excess and Deficiency Account the sum of One Thousand Dollars (\$1,000.00) to remove two trees and construct a sidewalk on the westerly side of East Street between Short Street and Beech Street.

ARTICLE 2.—VOTED: That the Town raise and appropriate by transfer from the Excess and Deficiency Account the sum of Seven Hundred Fifty Dollars (\$750.00) for the purchase of cemetery lots.

Comment: From time to time lots become available for re-purchase by the Town at the original sale value (as one has now). Money appropriated under Budget Item 93 of the Annual Meeting report cannot be used for this purpose.

ARTICLE 3.—That the Town raise and appropriate a sum of money for architectural specifications and working drawings for a Proposed Addition and Alteration to the Central Library.

That the article be indefinitely postponed.

On a Substitute Motion by William Petrie, representing the Building Committee, It was Moved, Seconded and VOTED: That the Town raise and appropriate Twenty-Thousand Dollars (\$20,000.00) by transfer from the Excess and Deficiency Account for architectural specifications and working drawings for a Proposed Addition and Alteration to the Central Library.

ARTICLE 4.—VOTED: That the Town accept a gift in trust from Bird Machine Company of certain land in the Cedar Swamp Conservation Area consisting of Lots 4 and 5 as shown on a "Plan of Land in Walpole, Massachusetts" dated December 10, 1964, by Norwood Engineering Co., Inc." to be managed and controlled by the Conservation Commission of the Town in trust upon the terms and conditions set forth in the Deed of said land presented to the meeting. Said parcel of land being Lots 832 and 829 on the Assessors' Map.

ARTICLE 5.—VOTED: That the Town raise and appropriate by transfer from the Conservation Fund the sum of Three Thousand Dollars (\$3,000.00) to purchase in accordance with provisions of Chapter 40, Section 8C of the General Laws a parcel of land and water bounded and described as follows:

Beginning at a point on the northwesterly side of Main Street and at land now or formerly of Verderber in a northwesterly direction along the center of said brook five hundred and thirty-seven (537) feet more or less to the southeasterly corner of land of the Town of Walpole; thence, N 36° 17' 27" E on land of the Town of Walpole three hundred sixty (360) feet more or less to the shore of Cobb's Pond so-called; thence, southeasterly along the shore of said Cobb's Pond four hundred fifty (450) feet more or less to the northwesterly corner of land now or formerly of Gerald P. Sykes; thence S 25° 05' 53" E on land of said Sykes two hundred four and eighty hundredths (204.80) feet to the northwesterly line of said Main Street; thence S 46° 50' 27" W on the northwesterly line of said Main Street ninety (90) feet more or less to the point of beginning.

At 9:40 P.M., there no longer being a quorum present, it was moved, seconded and voted that the Special Town Meeting be adjourned until Wednesday, April 21, 1965, at 8 P.M.

## ADJOURNED ANNUAL TOWN MEETING

April 21, 1965

A quorum being present, the Moderator called the meeting to order at 7:30 P.M. on April 21.

VOTED: To waive the reading of the warrant.

The following tellers were appointed by the Moderator: Jesse Jeffrey, William Broadley, Robert Cobb, Levi Salonen.

A motion to re-open Article 22 for reconsideration by Grandin Wise was defeated.

ARTICLE 23.—VOTED: That the Town raise and appropriate the sum of One Dollar (\$1.00) to renew a Lease Indenture with the Trustees of Francis William Park Trust to lease the land known as "The Bird Athletic Field".

ARTICLE 24.—VOTED: That the Town raise and appropriate the sum of Eight Thousand Seven Hundred Dollars (\$8,700.00) by transfer from Excess and Deficiency Account for the purchase of

A sedan, with permission to trade a 1960 sedan;

A pickup truck, with permission to trade a 1957 pickup truck;

A wheel tractor.

The Appropriation Committee commented that it was their belief that further study is required regarding the utility of and savings to be expected from the use of a Snow Loader.

ARTICLE 25.—VOTED: That the Town raise and appropriate the sum of Three Thousand Five Hundred Dollars (\$3,500.00) for the purchase of two Cruising Cars for the Police Department with permission to trade two one-year-old 1965 Cruising Cars, by

(a) \$1720 from taxation;

(b) Transfer \$1780 from Article 26—1964 Town Meeting.

ARTICLE 26.—VOTED: That this Article (to see if the Town will vote to raise a sum of money to install an automatic sprinkler system in the Bird School) be indefinitely postponed. (Comment: Plans and Specifications cannot be completed in time for installation this summer.)

ARTICLE 27.—To see if the Town will vote to raise a sum of money to replace a portion of the office furniture in the Town Hall.

Chairman of the Board of Selectmen, Richard Holman, presented a substitute motion: That the Town raise \$5,870 to replace office furniture in the Town Hall. The substitute motion was defeated.

VOTED: That Article 27 be indefinitely postponed.

ARTICLE 28.—VOTED: That the Town raise and appropriate the sum of One Dollar (\$1.00) and authorize the Selectmen to obtain a lease for a Town Dump site.

ARTICLE 29.—VOTED: That the Town raise and appropriate the sum of Seventy-Eight Thousand Six Hundred Dollars (\$78,600.00) by transfer from the Water Surplus Account to improve the Water Department supply and distributing system as follows:

(a) Replace main in Washington Street from pumping station to Pine Street;

(b) Replace main in Union Street from Pleasant Street to Route 1;

(c) Replace 350 feet of main in Pleasant Street at the Norwood line.

ARTICLE 30.—VOTED: That the Town raise and appropriate the sum of Three Thousand and Nine Hundred Dollars (\$3,900.00) to print the 1965 Town Report.

ARTICLE 31.—It was Moved and Seconded: To see if the Town will vote to raise a sum of money to reimburse Ross Realty Corporation for the cost of 8-inch water pipe it purchased for installation in 1963 in the Public Way on U. S. Route #1 in South Walpole.

Town Counsel, Richard Kannally, said he knew of no law to allow a Town Meeting to appropriate for such a purpose.

The Article was *DEFEATED*.

ARTICLE 32.—VOTED: That the Town accept Chapter 486 of the Acts of 1964.

ARTICLE 33.—On a motion by the Board of Selectmen that the Town vote to accept Article 33, It was Moved, Seconded and VOTED: That the Town vote to Accept Chapter 409 of the Acts of 1962, controlling pedestrian traffic.

ARTICLE 34.—It was Moved and Seconded: That the Town vote to raise a sum of money to provide for the collection, hauling and disposal of rubbish.

Chairman of the Board of Selectmen, Richard Holman, proposed that a sum of \$66,000.00 be raised for this purpose. This substitute motion was defeated.

ARTICLE 34.—VOTED: That Article 34 be indefinitely postponed.

ARTICLE 35.—It was Moved and Seconded: To see if the Town will vote to raise and appropriate the sum of Two Thousand Five Hundred Dollars (\$2,500.00) by transfer from the Excess and Deficiency Account to make an engineering study for a Municipal Sanitary Landfill Operation.

The Board of Selectmen moved that action be postponed.

The Appropriation Committee asked that their recommendation for \$2500.00 be defeated.

The Article was *DEFEATED*.

At 10:30 P.M., It was VOTED: That the Adjourned Town Meeting of April 21 be adjourned until Monday, April 26, 1965.

---

#### ADJOURNED ANNUAL TOWN MEETING

April 26, 1965 at 7:45 P.M.

A quorum being present, the Moderator called the meeting to order at 7:45 P.M. on April 26.

VOTED: To waive the reading of the warrant.

The following tellers were appointed by the Moderator: Norman Sellers, Julius Yankee, William Broadley, Parker Perry.

ARTICLE 36.—It was Moved and Seconded: To see if the Town will vote to raise a sum of money for a Recreational Director and supplies for Recreational Activities for the Town of Walpole.

Mr. John Gray presented a substitute motion: that \$4,000.00 be raised through taxation, for supplies for recreational activities, and that a Committee of 5 be appointed to study recreational needs.

The substitute motion was voted unanimously.

ARTICLE 37.—VOTED: That Article 37 be indefinitely postponed.

ARTICLE 38.—VOTED: That Article 38 be indefinitely postponed.

Comment: Article 37 must be complete before this project can be accomplished.

ARTICLE 39.—VOTED: That the Town raise and appropriate the sum of Thirteen Thousand Dollars (\$13,000) by transfer from Article 1, Special Town Meeting of April 10, 1963, to install a drain pipe in Raymond Avenue, Bruce Road, private property, Woodruff Road, and in private property to Willett Pond.

ARTICLE 40.—VOTED: That the Town raise and appropriate the sum of Eight Thousand Five Hundred Dollars (\$8,500.00) by transfer from Article 1, Special Town Meeting of April 10, 1963 to install a drain pipe or open ditch from a culvert under the New York, New Haven and Hartford Railroad 400 feet more or less on land of Hugh L. McComb to Winter Street and southerly on Winter Street a distance of 800 feet more or less.

ARTICLE 41.—VOTED: That the Town raise and appropriate the sum of Three Hundred Dollars (\$300) by transfer from Article 1, Special Town Meeting of April 10, 1963 to install approximately 50 feet of drain pipe and appurtenances from Lewis Avenue westerly to a brook.

ARTICLE 42.—VOTED: That the Town raise and appropriate by transfer from funds available under Article 7 of the Special Town Meeting of April 13, 1964, the sum of Four Thousand Five Hundred Dollars (\$4,500.00) to install a sewer in Washington Street from Benny Street approximately 300 feet northerly.

ARTICLE 43.—VOTED: That the Town raise and appropriate by transfer from funds available under Article 7 of the Special Town Meeting of April 13, 1964, the sum of Six Thousand Dollars (\$6,000.00) to install a sewer in Alton Street from the end of the existing sewer approximately 400 feet easterly.

ARTICLE 44.—VOTED: That the Town raise and appropriate by transfer from funds available under Article 7 of the Special Town Meeting of April 13, 1964, the sum of Thirty-Five Thousand Five Hundred Dollars (\$35,500.00) to install a sewer in Washington Street from Stone Street southerly to Common street.

ARTICLE 45.—VOTED: That Article 45 be indefinitely postponed.

ARTICLE 46.—VOTED: That Article 46 be indefinitely postponed.

Comment: This expensive project should await full engineering development as well as resolution of the pending up-stream rezoning to assure maximum utilization of the money spent.

ARTICLE 47.—VOTED: That Article 47 be indefinitely postponed.

Comment: Since the petitioner lives on the down hill side of North Street, routing the sewer would most logically be up Gould Street, a low density area with minimal sewage problems.

ARTICLE 48.—It was Moved and Seconded: That the Town will vote to raise a sum of money to install a sewer from the existing sewer on Main Street and Spear Avenue up Spear Avenue to North Street proceeding up North Street to High Street or any part thereof.

A substitute motion, presented by Richard Holman, Chairman of the Board of Selectmen, that the Town raise and appropriate by transfer from funds available under Article 7, of the Special Town Meeting of April 13, 1964, the sum of Forty-Five Thousand Dollars (\$45,000.00) to install a sewer from the existing sewer on Main Street and Spear Avenue up Spear Avenue to North Street proceeding up North Street to High Street, was seconded, voted, and *DEFEATED*.

VOTED: That the Town raise and appropriate by transfer from funds available under Article 7, of the Special Town Meeting of April 13, 1964, the sum of Six Thousand Nine Hundred Dollars (\$6,900.00) to install a sewer from the existing sewer on Main Street and Spear Avenue up Spear Avenue to North Street.

Comment: The recommendation covers a high density area where sewage problems are most acute and leaves the more expensive and longer North Street portion of the project for future development.

ARTICLE 49.—VOTED: That Article 49 be indefinitely postponed.

ARTICLE 50.—VOTED: That the Town raise and appropriate the sum of Thirty-Six Thousand Dollars (\$36,000.00) by transfer from the Excess and Deficiency Account, to rebuild Fisher Street from Main Street to North Street to be used in conjunction with any state or county funds available.

ARTICLE 51.—It was Moved and Seconded: That the Town vote to raise and appropriate the sum of Two Thousand Six Hundred Dollars (\$2,600.00) by transfer from the Excess and Deficiency Account, to widen Common Street from the Post Office easterly a distance of 600 feet more or less.

The motion was *DEFEATED*.

ARTICLE 52.—VOTED: That the Town raise and appropriate the sum of Three Thousand One Hundred Dollars (\$3,100) by transfer from the Excess and Deficiency Account, the Town of Walpole's share, to repair Alton Street from Old Post Road, westerly, under the provisions of Chapter 195 of the Acts of 1958.

Comment: The amount appropriated represents approximately one half of the total cost, the balance to be assessed to the property owners fronting on the street section to be repaired. This recommendation is contingent upon approval of Article 43.

ARTICLE 53.—VOTED: That the Town raise and appropriate the sum of One Thousand Dollars (\$1,000.00) by transfer from the Excess and Deficiency Account, to construct a Traffic Island at the intersection of Elm and East Streets.

ARTICLE 54.—VOTED: That this Article be indefinitely postponed.

ARTICLE 55.—VOTED: That the Town abandon a portion of High Plain Street between County Layout of November 1, 1932 and the Massachusetts Department of Public Works Layout of December 26, 1962, bounded and described as follows:

Beginning at the westerly end of a curve with a radius of 1630 and at the northerly line of the said layout of November 1, 1932; thence, N 80° 04' 04" E on the said layout of November 1, 1932, 550 feet more or less; thence, southwesterly and southerly on a curve with a radius of 76 feet, 100 feet more or less; thence southwesterly and westerly on a curve with a radius of 10 feet, 16 feet more or less; thence, westerly on a curve with a radius of 1630 feet, 470 feet more or less to point of beginning.

Comment: This action is dictated by the re-routing occasioned by the Interstate Route 95 construction. — *Voted Unanimous*.

ARTICLE 56.—VOTED: That the Town vote to transfer by authority of Section 15A of Chapter 40 of the General Laws to the care, custody, management and control of the Town's Conservation Commission for the purposes set forth in Section 8C of said Chapter 40, the land in the Cedar Swamp Conservation area commonly known as the City Mills lots as shown on the Assessor's Map Plan G-2, Lots G210, G211, with the exception of lots 1779-1786, 1815-1817; also on Plan E 15, Lots E1507-2141-2557, with the exception of the following lots: 2172-2176, 2192, 2194, 2232, 2233, 2241, 2242, 2263, 2264, 2289, 2295, 2296, 2327, 2337, 2381, 2382, 2395, 2396, 2430, 2442, 2445, 2447, 2448, 2483, 2603, 2505, 2539, 2547. The total acreage of the area involved comprising approximately 39 acres, more or less, including the streets. The plan is filed with Norfolk Registry of Deeds as No. 499 in Plan Book No. 11. (*Unanimous*)

ARTICLE 57.—VOTED: That the Town raise and appropriate the sum of Twenty Thousand Dollars (\$20,000.00) by transfer from the Excess and Deficiency Account, to be placed in the Conservation Fund under Clause 51 of Section 40, of the General Laws, subject to the requirement that proposed property acquisitions must be approved by the town at a Town Meeting.

Comment: Revision of the statutes governing the Conservation Commission removed the \$15,000.00 annual appropriation limit, and relieved the Commission

of the necessity for obtaining Town Meeting approval before acquiring property. The Commission has indicated their intention to continue asking for approval of property acquisitions, and agrees with the wisdom of continuing the requirement as indicated in our recommendation. Land purchases for conservation purposes remain subject to up to 50% reimbursement from the State.

ARTICLE 58.—VOTED: That the Town raise and appropriate by transfer from the Conservation Fund a sum of Five Thousand Dollars (\$5,000.00) to purchase the following lots in the Cedar Swamp Conservation Area: Lots shown on plan G2 as G 204-1, Plan G8 as lots G823, G824, G815, and G816, Plan G1 as lot G150-14, and on Plan G7 as lot G768.

ARTICLE 59.—VOTED: That the Town raise and appropriate by transfer from the Conservation Fund the sum of Three Thousand Five Hundred Dollars (\$3,500.00) to purchase the following lots in the Cedar Swamp Conservation Area: Lots shown on Plan F4 of Assessor's plans as Lots F 428, F 436, F 450, F 451 and on Plan G 8 as lots G 830, G 802, G 810 and G 818.

ARTICLE 60.—VOTED: That the Town vote to transfer by authority of Section 15A of Chapter 40 of the General Laws, to the care, custody, management and control of the Town's Conservation Commission for the purposes set forth in Section 8C of said Chapter 40, the land in the Cedar Swamp Conservation Area shown on the Assessor's maps as Lots shown on plan G 1 as Lot G 150-15, on plan G 7 as lots G 708, G 709, G 765, G 766, G 767, G 800, G 808, G 809, G 814, G 819, G 820, G 825, G 828 and G 831; on plan E 15 as lots E 1512, E 1522 and E 1524.

*Vote was unanimous.*

ARTICLE 61.—VOTED: That the Town raise and appropriate by transfer from the Excess and Deficiency Account the sum of One Hundred Dollars to pay a 1963 bill of \$100.00 to the Norwood Colonial Boys.

ARTICLE 62.—Paul C. Gay, Chairman of the Planning Board, presented the following motion:

That the Town accept a report of the Planning Board and vote to change from residential to limited manufacturing the area bounded and described as follows:

Beginning at the westerly line of Coney Street and at the northwesterly line of Route 95; thence, southwesterly on the northwesterly line of said Route 95, 2375 feet more or less; thence northwesterly on the northeasterly line of lot D911-A-1-B extending to Route 95 on the northeasterly lines of lots D 911-A-1-B and D 911-A-1-A and the southwesterly line of lot D 912 as shown on sheet D9 and of the Assessors' Maps; thence, northeasterly on the northwesterly line of said lot C 1410; thence northeasterly on the northerly line of said lot C 1410; thence southeasterly on the northeasterly line of said lot C 1410 to lot C 1411 as shown on the sheet C 14 of the Assessors' Maps; thence northeasterly on the northwesterly line of said lot C 1411 to the westerly line of Coney Street; thence southeasterly on the westerly line of said Coney Street to point of beginning.

The Motion was *DEFEATED*.

ARTICLE 63.—It was Moved and Seconded: That the Town accept a report of the Planning Board and vote to change from residential zone to limited manufacturing zone the area bounded and described as follows:

Beginning at the Walpole-Norwood Town line and the northwesterly line of Route 95; thence, S 55° 29' 28" W on the northwesterly line of said Route 95, 34.63 feet; thence, S 65° 19' 10" W on the northwesterly line of said Route 95, 1117 feet more or less to the northeasterly line of Lot C 1421-2 as shown on sheet C 14 of the Assessors' Maps; thence, northwesterly on the said northeasterly line and the extension thereof 190 feet more or less to the northwesterly line of a private way 40 feet wide; thence, southwesterly on the northwesterly line of the said private way 82 feet more or less to the northeasterly line

of lot C 1421-3 as shown on said sheet C 14; thence, northwesterly on the northeasterly line of said lot C 1421-3, 149 feet more or less to the southeasterly line of C 1420 as shown on said sheet C 14; thence, northerly on said lot C 1420 to the southerly corner of lot C1419-A-3 as shown on said sheet C 14; thence, northeasterly on the southeasterly line of lots C 1419-A-3 and C 1419-A-2 to the southwesterly line of lot C 1416 as shown on said sheet C 14; thence, northeasterly to the southwesterly corner of lot C 1415-1 as shown on said sheet C 14; thence, northeasterly on the southeasterly line of said lot C 1415-1 and lot C 1415 to the Walpole-Norwood Town line to the point of beginning.

This Article was indefinitely postponed.

ARTICLE 64.—VOTED: That the Town accept a report of the Planning Board and accept Chandler Avenue running northerly and northeasterly 1290 feet more or less from Conifer Drive as shown on a plan entitled "Subdivision Plan of Cedar Hill, Herman Banquer and Associates, Walpole, Mass." Wesley B. Thompson, Engineer and dated January 19, 1955.

ARTICLE 65.—VOTED: That the Town accept a report of the Planning Board and accept Conifer Drive from Chandler Avenue running northeasterly and northwesterly 930 feet more or less to Chandler Avenue as shown on a plan entitled "Subdivision Plan of Cedar Hill, Herman Banquer and Associates, Walpole, Mass.", Wesley B. Thompson, Engineer and dated January 19, 1955.

ARTICLE 66.—VOTED: That the Town accept a report of the Planning Board and accept Foxhill Drive from the Boston and Providence Pike southeasterly 500 feet more or less to the Walpole-Foxboro Town line as shown on a plan entitled "Plan and Profile of Foxhill Drive, Walpole, Mass.", Roy G. Fisher, Engineer and dated December 17, 1963.

ARTICLE 67.—VOTED: That the Town accept a report of the Planning Board and accept Chicatabut Drive running southeasterly from Old Post Road a distance of 560 feet more or less as shown on a plan entitled "Plan and Profile of Chicatabut Drive, Walpole, Mass.", F. B. Reynolds, Engineer and dated March 1951.

ARTICLE 68.—VOTED: That the Town accept a report of the Planning Board and take no action on this Article.

ARTICLE 69.—VOTED: That the Town accept a report of the Planning Board and take no action on this Article.

ARTICLE 70.—VOTED: That the Town accept a report of the Planning Board and take no action on this Article.

ARTICLE 71.—VOTED: That the Town accept a report of the Planning Board and accept Kennedy Lane running southwesterly and northwesterly from High Street a distance of 780 feet more or less as shown on a plan entitled "Subdivision Plan and Profile of Kennedy Lane, Walpole, Norfolk County, Mass.," Joseph M. Monahan, Jr., Surveyor and dated June 10, 1963.

ARTICLE 72.—It was Moved and Seconded: That the Town accept a report of the Planning Board that no action be taken on Article 72.

Richard Guisti offered the following sub-motion:

That the Town vote to accept Clarkson Drive running northwesterly from Main Street a distance of 350 feet more or less as shown on plan entitled "Plan and Profile of Clarkson Drive, Walpole, Mass.", William R. Whalen, Engineer and dated June, 1963.

Substitute Motion was VOTED.

ARTICLE 73.—VOTED: That the Town accept the report of the Planning Board that no action be taken on Article 73.

ARTICLE 74.—VOTED: That the Town accept a report of the Planning Board that no action be taken on Article 74.

ARTICLE 75.—VOTED: That the Town accept a report of the Planning Board that no action be taken on Article 75.

ARTICLE 76.—VOTED: That the Town accept a report of the Planning Board that no action be taken on Article 76.

At 11:20 P.M. it was VOTED that the meeting be adjourned until 8 P.M. on Monday, May 3rd, 1965.

## ADJOURNED ANNUAL TOWN MEETING

May 3, 1965 at 8 P.M.

A quorum being present, the Moderator called the meeting to order. Voted to waive the reading of the Warrant. The following tellers were appointed: Geoffrey Plunkett, William Forssell, William Bradley, Julius Yankee.

ARTICLE 77.—Paul C. Gay, Chairman of the Walpole Planning Board, presented the following motion:

It was Moved and Seconded: To see if the Town will vote to amend the Zoning By-Laws as follows:

### PROPOSED AMENDMENTS TO TEXT OF WALPOLE ZONING BY-LAW

*Amendment #1.*—Section 1-2 of the Zoning By-Law (Definitions) by inserting at the beginning of the list of defined terms (before "Accessory Use"), the following:

*Abutting.* Touching at some point or line.

*Adjacent.* Abutting or separated only by a public street. (Voted Unanimous.)

*Amendment #2.*—Section 1-2 of the Zoning By-Law (Definitions) by inserting at the end of the list of defined terms (after "Premises" and its definition), the following:

*Private Guest House.* A detached building incidental to and located on the same lot with a dwelling for the occasional or temporary accommodation (for which no fee is charged) of friends, relatives, or visitors, and which does not contain a kitchen or other permanently installed facilities for cooking. (Voted Unanimous.)

*Amendment #3.*—(In two parts, A and B, which should be acted upon simultaneously).

A.—Amend Section III-2 of the Zoning By-Law (Residence A and B District Uses) by striking out in subsection A (Permitted Uses) the paragraph designated as 11d (which pertains to the removal of earth products as an accessory use) and by inserting in place thereof the following new paragraph:

11d.—Removal of sod, loam, sand, gravel or other earth products from the premises (for sale or otherwise) in connection with the lawful construction of a building or structure, or a driveway, sidewalk or parking area accessory thereto, or of a street in an approved subdivision, but only where the amount of each such material so removed does not exceed that actually displaced by the portion of the building structure, driveway, sidewalk, parking area or street below finished grade.

B.—Amend Section VIII-4 of the Zoning By-Law (Temporary Uses) by striking out the second paragraph thereof (which pertains to the removal of earth products when not an accessory use) and by inserting in place thereof the following new paragraphs:

Under the provisions of this paragraph, the Board of Appeals may authorize as a temporary use the removal of sod, loam, sand, gravel or other earth products from the premises, where such removal is not permitted as an accessory use (by Section III-2A 11), nor permissible as a principal use (as in Industrial Districts);

provided that the operation: (a) is not injurious or dangerous to the public health or safety or harmful to the amenities of the vicinity or the Town, (b) is not likely to create noise, dust, or other effects observable at the lot lines in amounts seriously objectionable or detrimental to the normal use of adjacent property, (c) does not require the transportation of materials over particular public streets on which undue congestion or hazards will be created, or on which undue injury to the roadway surfaces will be sustained, (d) will not result in a change of topography or cover disadvantageous to the most appropriate use of the land and (e) will be terminated within a maximum of three (3) years.

In authorizing the temporary removal of earth products, as provided above, the Board of Appeals shall impose, and make a part of the permit, reasonable conditions specially designed to safeguard persons and property in the vicinity and the Town, which conditions may include, among others: (a) date of termination, if less than three (3) years, (b) method of removal, (c) type and location of accessory structures, (d) hours of operation, (e) routes for transporting the material through the Town, (f) area and depth of excavation, (g) distance of excavation to street and lot lines, h) steepness of slopes excavated, (i) reestablishment of ground levels and grades, (j) provisions for temporary and permanent drainage, (k) disposition of boulders and tree stumps, (l) replacement of loam over the area of removal, and (m) planting of the area to suitable cover, including trees. (Voted Unanimous.)

*Amendment #4.*—Amend Section III-7 of the Zoning By-Law (Industrial District Uses) by striking out in subsection A (Permitted Uses) the paragraph designated as 5 ("Quarry, sand or gravel pit") and by inserting in subsection B (Uses by Special Permit Only), at the end thereof, the following new paragraph:

3.—Quarry, sand or gravel pit, or other commercial operation for the extraction and/or processing of earth products (including the processing of materials imported from other premises; provided that: (a) the amount of noise, vibration, dust, or other disturbing effects observable at the lot line is no greater than the minimum amount normally resulting from any of the uses specifically listed hereinbefore, (b) the operation does not require the transportation of materials over particular public streets on which undue congestion or hazards will be created, or on which undue injury to the roadway surfaces will be sustained. In authorizing a special permit for such an operation, the Board of Appeals shall impose, and make a part of the permit, reasonable conditions especially designed to safeguard persons and property in the vicinity and the Town, which conditions may include any or all of those specified in this By-Law for safeguarding the removal of earth products as a temporary use in other districts (in Section VIII-4). (Voted Unanimous.)

*Amendment #5.*—Amend Section VIII of the Zoning By-Law (Non-Conforming and Temporary Uses) by inserting at the end thereof the following new subsection:

VIII-5. Existing Operations for Extraction or Processing of Earth Products. A quarry, sand or gravel pit, or other operation for the extraction and/or processing of earth products (such as a crushing or screening plant) in lawful use on the date of adoption of this By-Law may continue unless and until abandoned, or, if operating under a prior permit, until the expiration thereof. Discontinuance for more than twelve (12) consecutive months shall be deemed to constitute abandonment. However, unless specifically authorized by either a prior permit or by a new permit issued under this By-Law: (a) the depth of any excavation shall not be increased below the grade of the lowest excavated area on the effective date of this By-Law, (b) the total area of excavation within the parcel shall not be increased by more than fifty (50) per cent over its area on said effective date, and (c) the average amount of material removed from the premises and/or brought in for processing shall not be increased over such daily average for the twelve (12) consecutive months preceding said effective date (or for the actual period of operation if less than twelve (12) months). (Voted Unanimous.)

*Amendment #6.*—Amend Section III-2 of the Zoning By-Law (*Residence A and B District Uses*) by striking out in subsection B (Certain Residential Uses by

Special Permit only) the paragraph designated 2 (which pertains to certain home occupations requiring Board of Appeals authorization), and by inserting in place thereof the following new paragraph:

2.—The use of a portion of a dwelling or of a building accessory thereto as the workroom of a resident beautician, dressmaker, milliner, photographer, cabinet maker, skate sharpener, radio repairman or other person engaged in a customary home occupation, or as a place for incidental work and storage in connection with his off-premises trade by a resident builder, carpenter, electrician, painter, plumber or other artisan, or by a resident tree surgeon, landscape gardener or similar person; provided that: (a) such use is clearly secondary to the use of the premises for dwelling purposes, (b) no trading in merchandise is regularly conducted except for the sale of products made by the resident himself or of parts, or other items customarily maintained in connection with, and incidental to, its performance, (c) such use will not have a material adverse effect on the value of land and buildings in the neighborhood, (d) the external appearance and general aspect of the building so used is in conformity with the residential character of the neighborhood, (e) there is no outside display of goods or products, storage of materials or equipment, or any other outward evidence that the premises is being utilized for any purpose other than residential (except for an accessory sign as hereinafter provided). (Voted Unanimous.)

*Amendment #7.*—Amend Section III-3 of the *Zoning By-Law* (General Residence District Uses) by striking out in subsection A (Permitted Uses) the paragraph designated 3 ("Accessory use incidental to a permitted main use") and by inserting the following new paragraph:

3.—Accessory use incidental to a permitted main use, including the garaging or maintaining on any premises of not more than three (3) motor vehicles, or, if in connection with a dwelling for more than two families, not more than two (2) motor vehicles per dwelling unit. Except in the case of a public use, or where authorized by the Board of Appeals as hereinafter provided, not more than one of the vehicles on any premises shall be commercial vehicle. (Voted Unanimous.)

*Amendment #8.*—(In three parts, A, B, and C, which should be acted upon simultaneously).

A.—Amend Section III-3 of the *Zoning By-Law* (General Residence District Uses) by striking out in subsection A (Permitted Uses) at the end thereof (after paragraph 3), the following new paragraph:

4.—Two-family detached dwelling (whether new or by conversion of an existing one-family dwelling) if located on a lot having an area of at least 15,000 square feet and if connected, or to be connected, with the public sewer system.

B.—Amend Section III-3 of the *Zoning By-Law* (General Residence District Uses) by striking out in subsection B (Certain Residential Uses by Special Permit Only) the paragraph designated 1 (which pertains to dwellings for occupancy by more than one family) and inserting in place thereof the following new paragraphs:

1a.—The conversion and/or use of a one-family dwelling existing on the effective date of this By-Law as a dwelling for two families on a lot of less than 15,000 square feet but more than 10,000 square feet; provided that: (a) such dwelling is connected, or to be connected, with the public sewer system, (b) a portion of said lot is within 500 feet of the side boundary of a Non-Residential District or of two or more lots of less than 15,000 square feet occupied by more than one family which abut (on either side) the same street as the lot in question.

1b.—Dwelling for occupancy by more than two families; provided that: (a) such dwelling is connected, or to be connected, with the public sewer system, (b) such dwelling is located on a lot having an area of at least 15,000 square feet plus an additional 2500 square feet for each family in excess of two to be accommodated, (c) said lot, unless it has a total area of at least three (3) acres,

either abuts a street classified as "major" or higher on the Future Street System Map (accompanying the 1963 Master Plan), or is in part within 500 feet of the side boundary of a Non-Residential District or of one or more lots occupied by four or more families abutting, (on either side) the same street as the lot in question, (d) there is provided, or to be provided, on the same premises off-street automobile parking spaces in the amount of one and one-half spaces for each family unit, and (e) a site plan of the premises is submitted and approved by the Board of Appeals in accordance with the procedures and conditions hereinafter set forth for Site Plan Approval (in Section IV).

George Pettengill offered the following amendment:

Amendment 8B—1a.—"on a lot of not less than 15,000 square feet" and delete "but more than 10,000 square feet." — *Accepted Unanimous.*

Roger Turner offered the following amendment:

Amendment 8B—1b.—strike out "2500 square feet" where the same appears and insert "3500 square feet." — *Accepted Unanimous.*

Walter J. Peterson offered the following amendment:

Amendment 8B—1a.—cross out the words "within 500 feet of the side boundary of" and substitute the words "adjacent to". — *Accepted—Yes 246; No 5.*

C.—Amend Section III-5 of the Zoning By-Law (Business District Uses) by striking out in subsection B (Uses by Special Permit Only) the paragraph designated 1 (which pertains to dwellings for occupancy by more than one family) and by inserting in place thereof the following new paragraph:

1.—Dwelling for occupancy by more than two families; provided that: (a) some portion of the Business District in which the lot is located is adjacent to a General Residence District, (i.e., the district is not surrounded entirely by other districts in which such use would not be allowed). (b) such dwelling is connected, or to be connected, with the public sewer system, (c) such dwelling is located on a lot having an area of at least 15,000 square feet plus an additional 2500 square feet for each family in excess of two to be accommodated, (d) there is provided, or to be provided, on the same premises off-street automobile parking spaces in the amount of one and one-half spaces for each family unit, and (e) a site plan of the premises is submitted and approved by the Board of Appeals in accordance with the procedures and conditions hereinafter set forth for Site Plan Approval in Section IV.

It was Moved, Seconded and VOTED: *Unanimous.*

*Amendment #9.*—Amend Section IV-1 of the Zoning By-Law (Requirement for Site Plan) by striking out said section and by inserting in place thereof the following new section:

IV-1. Requirement for Site Plan.

A site plan under this Section shall be required, and conformed with:

1.—In a Business District—for the construction of any new building (regardless of size and use), and for the enlargement of any existing building (regardless of use) where the enlargement covers at least 500 square feet of ground area.

2.—In a Limited Manufacturing or Industrial District—for the construction of a new building, and for the enlargement of an existing building where the new building or enlargement covers at least 1000 square feet of ground area and is not used, or to be used, exclusively for storage purposes.

3.—In any Non-Residential District (i.e., in a Business, Limited Manufacturing, or Industrial District)—for the establishment of a commercial use in an existing building not previously used for commercial purposes, and for the establishment or change of an area for parking, loading, or vehicular storage (including driveways giving access thereto) in connection with a commercial use.

4.—In a General Residence or Business District—for the construction, enlargement, or establishment by conversion of a dwelling for more than two families (where authorized), and for the establishment or change of an area used for parking or loading (including access driveways) in connection with any existing or new dwelling for more than two families.

Said site plan shall show, among other things all existing and proposed buildings, structures, parking spaces, driveway openings, driveways, service areas and other open uses, all facilities for sewage, refuse and other waste disposal, and for surface water drainage, and all landscape features (such as fences, walls, planting areas and walks) on the lot or on such portion thereof as may be satisfactory to the Board of Appeals.

This Amendment was *DEFEATED*. Yes—192; No—98 (Two-Third Vote Needed).

*Amendment #10.*—Amend Section III-5 of the Zoning By-Laws (Business District Uses) by inserting in subsection A (Permitted Uses) in the paragraph designated 10 (which pertains to service establishments), at the end thereof (after "typewriter repair shop") the following:

coin-operated or other self-service dry cleaning establishment.

It was Moved, Seconded and VOTED: *Unanimous*.

*Amendment #11.*—Amend Section V-2 of the Zoning By-Law (Signs in Non-Residential Districts) by striking out in the paragraph designated as 2 (which pertains to signs other than those attached flat against a building) the first three words thereof ("One other sign . . .") and by inserting in place thereof the following words:

2.—One other sign (such as a sign projecting above a parapet or a sign affixed to a post) . . .

It was Moved, Seconded and VOTED: *Unanimous*.

*Amendment #12.*—Amend Section VIII-4 of the Zoning By-Law (Temporary Uses) by inserting at the end thereof the following new paragraph:

In an district, the Board of Appeals may authorize a sign where not permitted as an accessory use (such as a directional, identification, or political sign;) provided that: (a) such sign will not endanger the public safety, (b) such sign will be of such size, location, and design as will not be detrimental to the neighborhood, and (c) where such sign pertains to an election or to a specific event, its removal will be insured immediately after the occurrence thereof.

It was Moved, Seconded and VOTED: *Unanimous*.

Chairman Paul C. Gay reported for the Town Planning Board, and offered the following motion.

It was Moved and Seconded:

*Amendment #13.*—Amend Section VI-2 of the Zoning By-Law (Determination of Lot Frontage and Area) by striking out said section and by inserting in place thereof the following new section:

VI-2. Determination of Lot Frontage and Area.

For the purposes of this Section, lot frontage shall be measured along the exterior street line from one side line of the lot to the other, and also between said side lines along a line which marks the minimum building setback required by this By-Law (in contradistinction to any greater setback voluntarily provided), and the longer of said distances shall be considered as the frontage of such lot.

In a Rural District and in a Residence A District only, an individual lot may, however, have less than the frontage specified herein provided that: (a) the area of said lot is at least fifty (50) per cent larger than the minimum herein specified

for the construction of a building in the same district, (b) the width of the lot, measured through that part of the main building (erected or to be erected) where the lot is narrowest equals or exceeds in amount the specified lot frontage distance, and (c) said lot has a minimum frontage on at least one street of not less than forty (40) feet and a width of not less than forty (40) feet at any point between the street and the nearest part of the principal building.

In determining lot area in any Residential District, no portion thereof within the exterior line of any street shall be included.

The following sub-motion was offered by Roger F. Turner:

Amendment #13—VI-2.—Amend by deleting (a) and (c) as set forth in paragraph the second thereof. Sub-motion was *DEFEATED*. (Voice Vote—Unanimous NO).

Original Motion was *DEFEATED*. Yes—155; No—110 (Two-thirds vote needed.)

Amendment #14.—Amend Section VI-8 of the Zoning By-Law (Setback and Yard Requirements for Buildings) by inserting at the end thereof (after the table of required setbacks and yards) the following new paragraph:

In the case of a lot which abuts the point of intersection of two streets where the included angle is less than 135 degrees, all lines of said lot which either intersect one of the streets or make an angle of less than 45 degrees with such intersection lines shall be considered as "side lines" of the lot, from which the "required side yard width" shall be measured.

It was Moved, Seconded and VOTED: *Unanimous*.

Amendment #15.—Amend Section VI-11 of the Zoning By-Law (Setback for Other Uses) by striking out said section and by inserting in place thereof the following new section:

VI-11.—Set Back and Side Yards for Other Uses.

In all districts, no open storage or display of goods, products, materials or equipment, no gasoline pump, vending machine or other commercial device, and no structure of any type over three (3) feet in height or ten (10) feet in length shall, except as hereinafter provided, be located nearer the line of any street or nearer the side lines of its lot than the minimum setback and side yard width, respectively, required for a building on the same portion of the same lot. However, such clear space may contain: (a) a lawful sign not over one square foot in area, (b) a mailbox, flagpole or utility pole, (c) a retaining wall, and (d) a fence or an above ground wall, provided that no such wall and no solid fence shall have a height of more than three (3) feet at any point between the street and the required minimum setback line or more than six (6) feet at any other point. For the purpose of this provision, a "solid fence" is defined as one which presents more than a 25 per cent obstruction to visibility from any point on the street, side walk or abutting lot.

It was Moved, Seconded and VOTED: *Unanimous*.

Amendment #16.—Amend Section VI-15 of the Zoning By-Law (Corner Clearance) by striking out therein the words "other than a building" so that the Section reads in part:

... and no structure, no tree, shrub or other planting, and no open display, storage or other open use shall be located within said triangular area in such a manner as to interfere with traffic visibility across the corner.

It was Moved, Seconded and VOTED: *Unanimous*.

It was Moved and Seconded:

Amendment #17.—Amend Section VIII-4 of the Zoning By-Law (Temporary Uses) by inserting at the beginning thereof the following new paragraph:

In any district, a trailer or mobile home may be parked or stored without occupancy on the same lot as a dwelling (or on a lot adjacent thereto if in the same ownership) for not more than sixty (60) days in any twelve-month period. However, the Board of Appeals may authorize an extension of this time limit to not more than one hundred eighty (180) days, provided that removal on or before the date specified will be insured by a means satisfactory to the Board. (Occupancy of such a trailer or mobile home as a dwelling unit, regardless of duration, is contrary to the Building Code and other Town By-Laws and requires a special permit.)

Town Counsel advised that this Amendment be defeated, and that further action be taken at a later Town Meeting.

Amendment #17 was *DEFEATED UNANIMOUSLY*.

*Amendment #18.*—Amend the Zoning By-Law by inserting therein (after Section IV) the following new Section:

Section IV (A). PARKING REGULATIONS.

IV (A)—1. Required Spaces.

In all districts, there shall be provided and maintained off-street automobile parking spaces in connection with the construction, conversion or increase by units or dimensions of buildings, structures and use, in at least the following minimum amounts:

1. For dwellings—one and one half parking spaces for each family accommodated on the premises.

2. For all other places with sleeping accommodations, including convalescent or nursing homes, hospitals and sanitoriums, hotels and motels—one parking space for each sleeping room for single or double occupancy; or, where not divided into such rooms (as in a dormitory or ward)—one space for each two (2) beds.

3. For places of public assembly, including school and church auditoriums, libraries, museums, clubs, restaurants, theaters, bowling alleys and other amusements, funeral homes, trade schools, bus depots and other passenger stations—one parking space for each four (4) seats; or, where benches are used, one space for each eight (8) lineal feet of bench. Where no fixed seats are used (as in a museum), each twenty (20) square feet of public floor area shall equal one seat.

4. For offices, stores and other business establishments, including studios, personal service shops, banks and other financial offices, and, if located in a Business District, shops of the building trades, storage or distribution plants, and all other commercial uses—one parking space for each two hundred (200) square feet of gross floor area on the ground floor plus one additional space for each four hundred (400) square feet of gross floor area on all other floors.

5. For manufacturing and industrial uses, including laundries, printing plants, bottling works, and, if located in a Limited Manufacturing or Industrial District, places of the building trades, and storage or distribution plants—one parking space for each four hundred (400) square feet of gross floor area on all floors.

6. For all other permitted or authorized uses, including nursery schools, farm stands, commercial recreation grounds, drive-ins, open-lot display or storage yards, and veterinary establishments—adequate parking spaces to accommodate, under all normal conditions, the care of occupants, employees, members, customers, clients and visitors to the premises.

IV (A)—2. Mixed Uses.

In the case of mixed uses, the requirements for the predominant use shall apply to the entire premises, except that the requirement shall be calculated pro rata where: (a) a subordinate use occupying more than twenty-five (25) per cent of the gross floor area of the premises is in a category requiring a higher ratio of

parking than the main use, or (b) the subordinate use includes a dwelling or other place with sleeping accommodations, or a place of public assembly.

#### IV (A)—3. Sharing of Spaces.

Parking spaces for one use shall not be considered as providing the required facilities for any other use, except that a special exception may be authorized by the Board of Appeals where it is clearly demonstrated that the need for parking occurs at different times.

#### IV (A)—4. Exceptions.

Notwithstanding the other provisions of this Section, off-street parking spaces need not be provided in the following cases:

1.—For detached dwellings in any district where the computed requirement is three (3) spaces or less.

2.—For any retail business or service use (as listed in items 4 to 13 of Section III—5A) within the area in Walpole Center bounded as follows:

a.—On the east, by a line 110 feet easterly of, and parallel to, the center line of Main Street.

b.—On the north by East Street.

c.—On the west, by a line 110 feet westerly of West Street and of Main Street north of its intersection with West Street.

d.—On the south, by Elm and Common Streets.

#### IV (A)—5. Location of Spaces.

Off-street parking spaces required hereunder shall be provided on the same premises with the parking generator in the case of a dwelling, or may be provided on any premises associated herewith in the case of other uses; provided, however, that the walking distance between the farthest point of the parking area and a pedestrian entrance to the building or use in question shall not exceed three hundred (300) feet, except that with parking spaces for employees only, the distance may be increased to five hundred (500) feet.

#### IV (A)—6. Size and Dimensions.

A space of two hundred (200) square feet of appropriate dimensions for the parking of an automobile (exclusive of access drives or aisles) shall be considered as one (1) parking space, which may be either open or enclosed (as in a garage).

#### IV (A)—7. Special Requirements in Residential Areas.

Any off-street parking area located in a Residential District (whether herein required or voluntarily provided), containing five (5) or more parking spaces shall be placed at least thirty (30) feet from all street and lot lines and shall, if visible at normal eye level from any point on an abutting lot (if the abutting lot is also in a Residential District) within fifty (50) feet of the lot line, be screened from view by a fence or other sight-imperious barrier.

It was Moved, Seconded and VOTED: *Unanimous.*

ARTICLE 78.—VOTED: That no action be taken.

Mr. George Pettingill suggested that a Committee of three (3) be appointed to reconsider the expenditure of \$20,000 for the library expansion. This was accepted by a strong show of hands.

There being no further business to come before the meeting, VOTED: That the meeting be dissolved at 10:55 P.M.

## SPECIAL TOWN MEETING

May 17, 1965 at 8:00 P.M.

A quorum being present, the meeting was called to order by Moderator George F. Barr.

The Moderator appointed the following Tellers: George Pettengill, Norman Sellers, and Lytle Williams.

VOTED: To waive the reading of the warrant.

ARTICLE 1.—The following Report of the West Junior High School Building Committee, which was read at May 3rd Town Meeting, was accepted as a report of progress.

"The general contractors' bids for the West Junior High School were opened on April 15, 1965. The lowest bid was approximately \$150,000.00 higher than anticipated a year ago. Site development, architect's fees, and furnishings will bring the total cost to approximately Two Hundred Thousand Dollars (\$200,000.00) more than was estimated one year ago, in addition to the above building construction costs.

The other reasons for the increase are as follows:

1. The total program has been increased by 8,350 square feet because the State Building Assistance Commission insisted on a separate cafeteria and auditorium, and the addition of another classroom and the doubling of the size of the library.  
If these requirements are not met, the State will not reimburse the Town of Walpole forty per cent of the cost of the project.
2. The cost of the site development has increased a large amount, mainly due to the ledge that was found underground on the location where the school is to be placed, even though we have moved the building as much as possible off and out of the area of the ledge.  
The estimated cost of removing the ledge is \$57,500.00.
3. As a result of adding a separate auditorium and a cafeteria and doubling the size of the library, there will be an additional charge for furnishings of an estimated \$12,000.00.
4. Naturally as the cost of construction goes up, so does the fee for the architect, which will be increased by approximately \$14,000.00.

The design developed for the West Junior High School has more than satisfied the original specifications. The building is compact and extremely efficient, resulting in a square foot cost of \$17.10, and a per-pupil cost exactly equal to the existing Junior High School built in 1959. All this has been accomplished in the light of an increase (18 per cent) in the cost of construction since the building of the East Junior High School. Had the additional 8,350 square feet not been required, it is conceivable that the final building cost could have been under the original estimate by nearly \$70,000.00.

As a result, there will be a Special Town Meeting later this month at which we plan to ask the Town for an additional \$200,000.00. We hope the Townspeople will be here to give us their support."

Mr. John D. Murphy, chairman of the West Junior High School Building Committee, offered the following motion:

That the Town transfer from available funds the sum of Two Hundred Thousand Dollars (\$200,000.00) from the E. and D. account to be used in conjunction with funds already appropriated under Article 24 of the 1964 Annual Town Meeting Warrant.

VOTED: That the Town transfer from the Excess and Deficiency account the

sum of Two Hundred Thousand Dollars (\$200,000.00) to be used in conjunction with funds already appropriated under Article 24 of the 1964 Annual Town Meeting Warrant: (Junior High School off Robbins Road.)

ARTICLE 2.—Richard H. Holman, Chairman of the Board of Selectmen, offered the following motion:

That the Town transfer from the E. & D. Account the sum of Five Thousand Dollars (\$5,000.00) for an Engineering Study, plans and specifications to provide sewer facilities for Alice Ave., Edgewood Ave., and Field Drive, and to authorize the Sewer Commissioner to engage a consultant. It was so VOTED.

ARTICLE 3.—VOTED: That the Town accept John Turco Drive from Pemberton Street westerly 400 feet as shown on a plan entitled "Brush Hill Estates in Walpole, Massachusetts, owner Mildred Mastropieri," McIntyre and Johnson, Inc., Registered Civil Engineers and Land Surveyors and dated February 18, 1964.

ARTICLE 4.—Richard H. Holman, for the Board of Selectmen, offered the following motion:

That the Town vote to transfer from the Excess and Deficiency Account the sum of Thirteen Thousand Three Hundred Forty-Nine Dollars (\$13,349.00) for land damages for Fisher Street.

*The Motion was not allowed.*

There being no further business to come before the meeting it was VOTED: That the meeting be dissolved at 9:40 P.M.

Appropriated — None

Tranferred — \$205,000.00

---

#### **SPECIAL TOWN MEETING**

**September 27, 1965 at 8:00 P.M.**

The following articles appeared in the Warrant.

ARTICLE 1.—To see if the Town will vote to transfer from available funds a sum of money for land damages for Fisher Street.

ARTICLE 2.—To see if the Town will vote to transfer from the Water Surplus Account a sum of money for locating a well and installing the same together with the necessary appurtenances and connecting to the present system, which money may be used in conjunction with any available State and/or Federal Funds.

ARTICLE 3.—To see if the Town will vote to transfer from funds available under Article 7 of the Special Town Meeting of April 13, 1964 a sum of money for the following purposes, which money may be used in conjunction with any available State and/or Federal Funds:

a. For design and construction of a sewer near Eastover Road in an easterly direction of 550 feet more or less.

b. For the installation of a sewer and necessary appurtenances for servicing Alice Avenue, Edgewood Avenue and Field Drive.

ARTICLE 4.—To see if the Town will vote to transfer from the Fisher Street Account a sum of money to be used in conjunction with any State or County funds available for the purpose of reconstructing and improving Elm Street in the vicinity of the Elm Street overhead bridge.

ARTICLE 5. To see if the Town will grant permission for the installation of a surface drainage system beginning at the Northerly most corner of land owned by Supreme Builders, Inc. running from that point in a Northwesterly direction, a distance of 307 feet, more or less, along the edge of town owned land; thence

turning and running a distance of 357 feet, more or less, in a Northwesterly direction still along the boundary line of town owned land to the end of Ponderosa Lane, or do or act anything thereto. The proposed drain and profile are shown on a plan entitled, "Plan and Profile of Drain from Pontiac Road to Ponderosa Road in Walpole, Mass." dated August 18, 1965 by Norwood Engineering Co., Inc., said plan being filed with the Town Engineering Office for the Town of Walpole. Said Drain to be located on Town owned land.

One hundred and forty-two voters being present, less than the two hundred needed, the meeting was dissolved.

---

### **SPECIAL TOWN MEETING**

**November 1, 1965**

A quorum being present, the meeting was called to order in the Auditorium of the Walpole High School on November 1, 1965 at 8:00 P.M., by the Moderator, George F. Barr.

The Moderator appointed the following Tellers: Harry W. Harding, Frederick W. Hill, Julius J. Yankee, and George F. Pettengill.

VOTED: To waive the reading of the Warrant.

ARTICLE 1.—VOTED: That the Town raise and appropriate by transfer from the Excess and Deficiency Account the sum of Thirteen Thousand Eight Hundred and Eighteen Dollars and Eighty-Two Cents (\$13,882.82) for land damages for Fisher Street.

ARTICLE 2.—VOTED: That the Town raise and appropriate by transfer from the Water Surplus Account the sum of Forty-Four Thousand Dollars (\$44,000.00) for locating a Well and installing the same together with the necessary appurtenances and connecting to the present system, or any portion of said work, which money may be used in conjunction with any available State and/or Federal Funds.

ARTICLE 3.—VOTED: That the Town vote to transfer from funds available under Article 7 of the Special Town Meeting of April 13, 1964—

a.—The sum of Seven Thousand Five Hundred Dollars (\$7,500.00) for design and construction of a sewer on East Street from the end of the present sewer near Eastover Road in an easterly direction of 550 feet more or less.

b.—The sum of Sixty Thousand Dollars (\$60,000.00) for the installation of a sewer and necessary appurtenances for servicing Alice Avenue, Edgewood Avenue and Field Drive.

ARTICLE 4.—VOTED: That the Town appropriate by transfer from Article 50 of 1965 Annual Town Meeting the sum of Twenty-Four Thousand Dollars (\$24,000.00) to be used in conjunction with any State or County funds available for the purpose of reconstructing and improving Elm Street in the vicinity of the Elm Street overhead bridge.

ARTICLE 5.—VOTED: That the Town grant permission for the installation of a surface drainage system beginning at the Northerly most corner of land owned by Supreme Builders, Inc. running from that point in a Northwesterly direction, a distance of 307 feet, more or less, along the edge of town owned land; thence turning and running a distance of 357 feet, more or less, in a Northwesterly direction still along the boundary line of town owned land to the end of Ponderosa Lane, or do or act anything thereto. The proposed drain and profile are shown on a plan entitled, "Plan and Profile of Drain from Pontiac Road to Ponderosa Road in Walpole, Mass." dated August 18, 1965 by Norwood Engineering Co.,

Inc., said plan being filed with the Town Engineering Office for the Town of Walpole. Said Drain to be located on Town owned land.

*All votes were Unanimous.*

There being no further business to come before the meeting, it was moved, seconded and VOTED that the Special Town Meeting be dissolved at 9:25 P.M.

Voted to Transfer:	
Excess and Deficiency .....	\$13,882.82
Water Surplus Account .....	44,000.00

 ZAPAC, John, 10 Grace Memorial Dr., Machine Opr., Newtron Inc., Cedar St., Canton.

# A Summary Report of Current Activities for The Metropolitan Area Planning Council — 1965

The Metropolitan Area Planning Council was established by Chapter 668 of the Acts of 1963 to provide for metropolitan planning in the Boston Area. The Metropolitan Area Planning District, which is served by the Planning Council, currently consists of 79 cities and towns.

Section 110 of Chapter 6 of the General Laws, as appearing in section 2 of Chapter 668 of the Acts of 1963 defines the duties of the Metropolitan Area Planning Council as follows:

*"The council shall conduct such research and prepare and compile such data, maps and charts and tables as may be helpful or necessary to improve the physical, social and economic conditions of the district, and shall prepare and revise comprehensive plans for the physical, social and economic improvement of the district, or parts thereof, with respect to the optimum use of the land areas in the district, and the most efficient provisions for the utilities serving these land areas.*

*"The council shall approve or disapprove by majority vote such plans for the development and redevelopment of the district, or parts thereof, as may be laid before it. The approval of any such plan or recommendation of the council shall be advisory only.*

*"The council shall maintain the fullest co-operation with cities and towns in the district, and shall render them all possible assistance in their planning activities, especially when two or more of the municipalities have common problems."*

In addition to member agencies and gubernatorial appointees, the Council is composed of representatives from each of the 79 cities and towns in the Metropolitan Area Planning District. These representatives are appointed by the mayor or the city manager or the board of selectmen. The community of Walpole is represented on the Metropolitan Area Planning Council by Edward J. Delaney.

To fulfill its responsibilities and objectives, the MAPC staff has made significant progress in a number of specific areas. Three important projects have already been completed. Several major studies are currently underway and progressing nicely. And, the Council is pursuing a number of other study proposals.

## I. — PROJECTS COMPLETED

### A. — Open Space and Recreation Planning

The Planning Council, in December, 1965, completed an initial study and plan to preserve open space and recreation facilities in the metropolitan area and also create an open space and recreation plan for the future.

This study, done in cooperation with the Department of Commerce and Development and the Department of Public Works, will be supplemented by a more detailed open space plan now being prepared under a Federal planning grant.

#### B. — *Southwest Corridor Study*

In July, 1965, the Planning Council, in co-operation with the Department of Public Works, the Boston Redevelopment Authority, the Massachusetts Bay Transportation Authority and the Boston Department of Public Works, completed a joint comprehensive Study of the Southwest Corridor.

This study, which was coordinated and housed by the Planning Council, resulted in a comprehensive plan for the transportation facilities (Interstate Route I-95, MBTA extension, city streets) to be constructed in this Corridor so as to integrate highway and mass transit facilities.

#### C. — *Economic Base and Population Study*

In January, 1966, the Planning Council completed a study of the population and economy of the 152-community Boston Region, which includes the Planning District. This study, done in cooperation with the Department of Commerce and Development and the Department of Public Works, provides projections of economic activities and population in the Region to the year 2000. It points out the strong and weak spots in the economy and makes recommendations to strengthen the economy and improve job opportunities and income for the residents of the Region.

The study's projections are now being used in formulating the Land Use and Transportation Plan for the region.

### II. — PROJECTS AND PLANNING CURRENTLY UNDERWAY

A.—Under a Federal Planning Grant made by the Planning Council in 1965, three planning programs are now underway.

#### 1.—*Open Space and Recreation Planning*

This study will result in both short- and long-range plans and programs for open space and recreation facilities in the metropolitan area. It will supplement and further define the initial Open Space Plan done by the Planning Council in December, 1965. This study, being done jointly with the Department of Natural Resources and the Metropolitan District Commission, will be completed in the Fall of 1966.

#### 2.—*Solid Waste Disposal Plan*

In cooperation with the Department of Public Health and the Metropolitan District Commission, the Council is undertaking a plan and program for solid waste disposal in the metropolitan area. This study results from the crisis which many communities now face in the matter of waste disposal. It will result in both short- and long-range plans for a regional disposal system. The study and plan are due for completion in the Fall of 1966. However, because of the immediacy of the problem, the Planning Council will propose interim plans for the Summer of 1966.

### 3.—*Work Program Development*

The Planning Council, with the assistance of the Joint Center for Urban Studies of MIT and Harvard University has conducted a series of conferences and study programs involving the Council members and specialists in urban and metropolitan affairs.

The object of these working sessions has been to create an effective and forward-looking work program for the Planning Council.

By this means, the Council has been able to utilize the valuable resources of the universities of the metropolitan area to develop a program which will enable the Council to deal effectively with current metropolitan problems and to anticipate the emerging problems of the Boston metropolitan area.

B.—The Council organizes and conducts meetings of the Transportation

Coordinating Committees of the communities within the Boston metropolitan area. This task is undertaken jointly with the Department of Public Works.

A function of the Transportation Coordinating Committees is to insure the cooperation and coordination of the communities in comprehensive transportation planning.

C.—At the request of the City of Boston and the Town of Brookline, the Council is coordinating a study by these two communities of traffic and land use on the border of these two communities.

D.—The Council is cooperating with the University of Massachusetts and assisting the University in planning its Greater Boston Extension.

E.—The Council, through informational bulletins and staff meetings with local officials, has been providing a continuing program of advice and assistance to member communities on local planning problems. This function of assisting member communities will be strengthened under a program which the Council, with the aid of the Federal planning funds, will institute this year. Under the program, the Council will create a staff team whose sole function will be to provide planning advice, services and assistance to all member communities.
